"My blessings and best wishes to you, Dear Anne, as to William and the children. May God grant you all a happy year and reunite us one day." "Thus begins, in January 1820, the surviving correspondence from Empress Maria Feodorovna in St Petersburg to her youngest daughter, Anna Pavlovna, Princess of Orange. Separated by Anna's marriage in 1816 to William of Orange, mother and daughter maintained almost daily contact by letter for twelve years. Anna and her family were indeed eventually reunited in 1824. The long trip was, however, made difficult by the Prince and Princess's position in the Dutch court and by Anna's frequent pregnancies. When Anna left again for Brussels she was not to know that this would in fact be the last occasion she would see her mother or brother, the Emperor Alexander." "Although far from her home country Anna was kept fully acquainted with events in Russia and within the extended Romanov royal family. There was a series of particularly tragic and worrying

events at the end of 1825: Alexander died after a brief illness and the grief of the whole family at the loss of 'our Angel' was compounded after Nicholas I's accession by a revolutionary plot led by factions opposed to the new Emperor taking the throne." "The letters provide not only an important and special insight into the last years of Alexander I and the early years of Nicholas I, throwing light on the life of the Romanov dynasty both in Russia and The Netherlands; they also convey the intimate and affectionate relationship between a mother concerned for the welfare of a favourite daughter and her family far away from her place of birth."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved "Explores the intersections between monarchy, gender, and art through an investigation of the visual and architectural culture of the eighteenth-century Habsburg empress Maria Theresa"--Provided by publisher. A major new biography of the iconic Austrian empress that challenges the many myths about her life and rule Maria Theresa (1717-1780) was once the most powerful woman in Europe. At the age of twenty-three, she ascended to the throne of the Habsburg Empire, a far-flung realm composed of diverse ethnicities and languages,

*beset on all sides by enemies and rivals. Barbara Stollberg-Rilinger provides the definitive biography of Maria Theresa, situating this exceptional empress within her time while dispelling the myths surrounding her. Drawing on a wealth of archival evidence, Stollberg-Rilinger examines all facets of eighteenth-century society, from piety and patronage to sexuality and childcare, ceremonial life at court, diplomacy, and the everyday indignities of warfare. She challenges the idealized image of Maria Theresa as an enlightened reformer and mother of her lands who embodied both feminine beauty and virile bellicosity, showing how she despised the ideas of the Enlightenment, treated her children with relentless austerity, and mercilessly persecuted Protestants and Jews. Work, consistent physical and mental discipline, and fear of God were the principles Maria Theresa lived by, and she demanded the same from her family, her court, and her subjects. A panoramic work of scholarship that brings Europe's age of empire spectacularly to life, Maria Theresa paints an unforgettable portrait of the uncompromising yet singularly charismatic woman who left her enduring mark on the era in which she lived and reigned. Empress Marie Louise In 1814, while Napoleon was banished in the island of Elba, the Empress Marie Louise and her grandmother, Marie Caroline, Queen of Naples, happened to meet at Vienna. The one, who had been deprived of the French crown, was seeking to be put in possession of her new realm, the Duchy of Parma; the other, who had fled from Sicily to escape the yoke of her pretended protectors, the English, had come to demand the restitution of her kingdom of Naples, where Murat continued to rule with the connivance of Austria. This Queen, Marie Caroline, the daughter of the great Empress, Maria Theresa, and the sister of the unfortunate Marie Antoinette, had passed her life in detestation of the French Revolution and of Napoleon, of whom she had been one of the most eminent victims. Out of the thrilling and tempestuous eighteenth century comes the sweeping family saga of beautiful Maria Theresa, a sovereign of extraordinary strength and vision, the only woman ever to inherit and rule the vast Habsburg empire in her own name, and three of her remarkable daughters: lovely, talented Maria Christina, governor-general of the Austrian Netherlands; spirited Maria Carolina, the resolute queen of Naples; and the youngest, Marie Antoinette, the glamorous, tragic queen of France, perhaps the most famous princess in history. Unfolding against an irresistible backdrop of brilliant courts from Vienna to Versailles, embracing the exotic lure of Naples and Sicily, this epic history of Maria Theresa and her daughters is a tour de force of desire, adventure, ambition, treachery, sorrow, and glory. Each of these women's lives was packed with passion and heart-stopping suspense. Maria Theresa inherited her father's thrones at the age of twenty-three and was immediately attacked on all sides by foreign powers confident that a woman would to

be too weak to defend herself. Maria Christina, a gifted artist, who alone among her sisters succeeded in marrying for love, would face the same dangers that destroyed the monarchy in France. Resourceful Maria Carolina would usher in the golden age of Naples only to then face the deadly whirlwind of Napoleon. And, finally, Marie Antoinette, the doomed queen whose stylish excesses and captivating notoriety have masked the truth about her husband and herself for two hundred and fifty years. For readers of Philippa Gregory and Alison Weir comes a dramatic novel of the beloved Empress Maria, the Danish princess who became the mother of the last Russian tsar. "This epic tale is captivating and beautifully told."—Lisa Wingate, New York Times bestselling author of Before We Were Yours

Barely nineteen, Minnie knows that her station in life as a Danish princess is to leave her family and enter into a royal marriage—as her older sister Alix has done, moving to England to wed Queen Victoria's eldest son. The winds of fortune bring Minnie to Russia, where she marries the Romanov heir, Alexander, and once he ascends the throne, becomes empress. When resistance to his reign strikes at the heart of her family and the tsar sets out to crush all who oppose him, Minnie—now

called Maria—must tread a perilous path of compromise in a country she has come to love. Her husband’s death leaves their son Nicholas as the inexperienced ruler of a deeply divided and crumbling empire. Determined to guide him to reforms that will bring Russia into the modern age, Maria faces implacable opposition from Nicholas’s strong-willed wife, Alexandra, whose fervor has led her into a disturbing relationship with a mystic named Rasputin. As the unstoppable wave of revolution rises anew to engulf Russia, Maria will face her most dangerous challenge and her greatest heartache. From the opulent palaces of St. Petersburg and the intrigue-laced salons of the aristocracy to the World War I battlefields and the bloodied countryside occupied by the Bolsheviks, C. W. Gortner sweeps us into the anarchic fall of an empire and the complex, bold heart of the woman who tried to save it. Praise for The Romanov Empress “Timely . . . [Gortner’s] ability to weave what reads as a simple tale from such complex historical and familial storylines is impressive. . . . Maria’s life as a royal reads like a historical soap opera.”—USA Today “Gortner, an experienced hand at recreating the unique aura of a particular time and place, will deftly sweep historical-fictions fans

into this glamorous, turbulent, and ultimately tragic chapter in history.”—Booklist (starred review) “Mesmerizing . . . This insightful first-person account of the downfall of the Romanov rule . . . is the powerful story of a mother trying to save her family and an aristocrat fighting to maintain rule in a country of rebellion.”—Publishers Weekly “A twist on the tragic story you’ve heard many times before.”—Bustle

Maria of Austria was one of the longest surviving Renaissance Empresses but until now has received little attention by biographers. This book explores her life, actions, and management of domestic affairs, which became a feared example of how an Empress could control alternative spheres of power. The volume traces the path of a Castilian orphan infanta, raised among her mother's Portuguese ladies-in-waiting and who spent thirty years of marriage between the imperial courts of Prague and Vienna. Empress Maria encapsulates the complex dynastic functioning of the Habsburgs: devotedly married to her cousin Maximilian II, Maria had constant communication with her father Charles V and her brother Philip II while preserving her Spanish background. Her unique intertwining of roles and positions allows a fresh

approach to female agency and the discussion of current issues: the rules of dynastic entente, the negotiation of discreet political roles for royal women, the reassessment of informal diplomacy, and the creation of dynastic networks parallel to the embassies. With chronological chapters discussing Empress Maria's roles such as infanta, regent, Empress, and a widow, this volume is the perfect resource for scholars and students interested in the history of gender, court culture, and early modern Central Europe. "The Book of Honors for Empress María of Austria is a chronicle of the remarkable celebrations organized by the Jesuit Colegio de San Pedro y San Pablo in Madrid to honor the piety and generosity of its major benefactor after her death in 1603. María bequeathed virtually the whole of

her estate to the Jesuits in Madrid, including a parcel of land where the Jesuit Fathers built their new College, opened in 1608. The Jesuits of Madrid educated the likes of Lope de Vega, Calderón de la Barca, Francisco de Quevedo, and many other illustrious Spaniards from all walks of life. Maria de Austria's legacy, therefore, was to have an enormous impact on Spanish Golden Age literature and culture. Following the conventions of the highly specialized genre of royal funeral exequies, the Book of Honors includes an encomiastic dedication by the Rector of the College to the house of Austria and to María's daughter, Margaret of Austria, like her mother, a nun of the Discalced Order of St. Clara of Madrid. This is followed by a description of the catafalque and the decoration of the church. The book then reproduces a lengthy Latin prayer delivered by the Jesuit theologian Juan Luis de la Cerda. The funeral sermon follows, preached by the Jesuit Jerónimo de Florencia. While much of the rest of the book consists of an anthology of the poems crafted by the Jesuit Fathers and their pupils to honor the empress, the most unique and interesting aspect of the book is the description and reproduction of the 36 hieroglyphs or emblems that were mounted on the walls of the

church as part of the decorative iconographical program. They were intended as visual reinforcements for the main points of the funeral sermon, resulting in a highly original interconnection between the spoken word and the visual appeal of the series of emblematic images."--Publisher's website. I accepted this proposal with much pleasure, and shortly after received the manuscript, the contents of which convinced me of its

This is a study of the musical activities of Empress Marie Therese, one of the most important patrons in the Vienna of Haydn and Beethoven. Building on extensive archival research, including many documents published here for the first time, John A. Rice describes Marie Therese's activities as commissioner, collector and performer of music, and explores

the rich and diverse musical culture that she fostered at court. This book, which will be of interest to musicologists, historians of artistic patronage and taste, and practitioners of women's studies, elucidates this remarkable woman's relations with a host of professional musicians, including Haydn, and argues that she played a significant and hitherto unsuspected role in the inception of one of the era's greatest masterpieces, Beethoven's Fidelio. Other composers discussed include Domenico Cimarosa, Joseph Eybler, Michael Haydn, Johann Simon Mayr, Ferdinando Paer, Antonio Salieri, Joseph Weigl and Paul Wranitzky.
