Assesses the impact of legalized gambling on a central Minnesota community. Covers economic impacts, positive social impacts, negative social impacts, attitudes toward gambling, and recommendations. Charts and tables. Presented in paperback in two volumes because of its massive content, with a total of over a thousand pages of text and images, this unique and comprehensive book provides encyclopedic coverage of the Iranian hostage crisis during the Carter administration and the 1980 failed military rescue mission with declassified Department of Defense documents, intelligence reports, histories and reports. These reports provide important new information on this controversy. There is extensive coverage of military activities, including the planning and execution of the hostage rescue mission called Operation Eagle Claw, which resulted in the Desert One tragedy on April 25, 1980. There is also new information on planning for Operation Snowbird later in 1980. Volume One Contents: Part 1: Overview * Part 2: Iran Hostage Rescue Mission Report (The Holloway Report) * Part 3: Robert Ode Hostage Diary * Part 4: Statements by Defense Secretary Brown and JSC Chairman Jones * Part 5: Crisis in Iran - Operation Eagle Claw * Part 6: The Iranian Hostage Rescue Mission - A Case Study * Part 7: Two White Houses - The Iran Hostage Crisis * Part 8: Choosing Peace: Jimmy Carter and the Iran Hostage Crisis * Part 9: A Classic Case of Deception - CIA Goes Hollywood, The Argo Cover Story * Part 10: Broken Stiletto - Command and Control of the Joint Task Force During Operation Eagle Claw at Desert One * Part 11: Desert One: The Hostage Rescue Mission * Part 12: Operation Eagle Claw - Lessons Learned * Part 13: Disaster at Desert One: Catalyst for Change * Part 14: The Iranian Hostage Rescue Attempt * Part 15: Iranian Hostage Rescue Attempt - A Case Study * Part 16: Skipping the Interagency Process Can Mean Courting Disaster: The Case of Desert One * Part 17: Explaining Iran's Foreign Policy, 1979-2009 * Part 18: USSOCOM Mission * Part 19: From Son Tay to Desert One: Lessons Unlearned * Part 20: Airborne

Raids - A Potent Weapon in Countering Transnational Terrorism Volume Two Contents: Part 21: Command and Control of Special Operations Forces Missions in the U.S. Northern Command Area of Responsibility * Part 22: Excerpt about Desert One from The Praetorian STARShip: The Untold Story of the Combat Talon * Part 23: Original Documents On November 4, 1979, more than 3,000 Iranian militant students stormed the American Embassy in Tehran, Iran. 66 Americans were seized and held hostage, precipitating a confrontation with the United States. The result of this crisis would change the course of a presidency, and affect the relations between the two nations. In military history one can stand out as a splendid example or a disastrous reminder. On April 24, 1980, highly-trained members of the four armed services made a valiant attempt to rescue the 44 diplomats and servicemembers held hostage in the Islamic republic of Iran. What the vast majority of Americans did not know was that planning for an armed rescue attempt began almost immediately after the embassy was overrun. The code name for the overall operation was Rice Bowl, while the operational portion was known as Eagle Claw. The operation was complex and faced several limiting factors, among which were the relative isolation of Tehran and the available courses of action which involved an increased risk of equipment failure. One critical piece of the operation was a refueling and overnight stay at a mid-desert site named Desert One. When the operation finally launched on the night of April 24, 1980, equipment failures and unpredictable dust storms caused the on-scene commanders to abort the mission. As the rescue force prepared to evacuate Desert One, an H-53 helicopter collided with a C-130. HOW DOES ONE SURVIVE WHEN ALL HOPE IS LOST? In the middle of the night in 1997, Doctors Without Borders administrator Christophe André was kidnapped by armed men and taken away to an unknown destination in the Caucasus region. For three months, André was kept handcuffed in solitary confinement, with little to survive on and almost no contact with the outside world. Close to twenty years later, award-winning cartoonist Guy Delisle (Pyongyang, Jerusalem, Shenzhen, Burma Chronicles) recounts André's harrowing experience in *Hostage*, a book that attests to the power of one man's determination in the face of a hopeless situation. Marking a departure from the author's celebrated first-person travelogues, Delisle tells the story through the perspective of the titular captive, who strives to keep his mind alert as desperation starts to set in. Working in a pared down style with muted colour washes, Delisle conveys the psychological effects of solitary confinement, compelling us to ask ourselves some difficult questions regarding the repercussions of negotiating with kidnappers and what it really means to be free. Thoughtful, intense, and moving, *Hostage* takes a profound look at what drives our will to survive in the darkest of moments. *Textbook of Military Medicine, Pt. 1, Warfare, Weaponry, and the Casualty. Specialty editors: Franklin D. Jones, et al. Addresses the multiple mental health service provided by the military during peacetime.>" A blistering journalistic exposé: an account of government negligence, corporate malfeasance, familial struggle, drugs, politics, murder, and a daring rescue operation in the Colombian jungle. On July 2, 2008, when three American private contractors and Colombian presidential candidate Ingrid Betancourt were rescued after being held for more than five years by the Revolutionary Armed Forces of Colombia (FARC), the world was captivated by their personal narratives. But between the headlines a major story was lost: Who exactly are the FARC? How had a drug-funded revolutionary army managed to hold so many hostages for so long? Had our costly War on Drugs failed completely? *Hostage Nation* answers these questions by exploring the complex and corrupt political and socioeconomic situations that enabled the FARC to gain unprecedented strength, influence, and impunity. It takes us behind the news stories to profile a young revolutionary in the making, an elite Colombian banker-turned-guerrilla and the hard-driven American federal prosecutor determined to convict him on American soil, and a former FBI boss who worked tirelessly to end the hostage crisis while the U.S. government disregarded his most important tool—negotiation. With unprecedented access to the FARC's hidden camps, exceptional research, and lucid and keen insight, the authors have produced a revelatory work of current history. This 2006 book examines hostage-taking in ancient Rome, which was a standard practice of international diplomacy. Hundreds of foreign hostages, typically adolescents, were detained as the empire grew in the Republic and early Principate. A new action-packed adventure series for young fans of Alex Rider and Jason Bourne—with the first four books publishing simultaneously. Binge read for summer! Following the nail-biting cliff-hanger of *Bodyguard 1: Recruit*, the action resumes in *Hostage* as martial arts expert and trained bodyguard Connor Reeves battles to protect the US president's daughter, Alicia, from mortal*

danger . . . even if it means putting his own life at risk. Connor is her last line of defense—an invisible shield kept secret from everyone, including the First Daughter herself. Yet danger lurks around every corner, and the terrorist plot to kidnap Alicia is already under way, the net tightening as the enemy prepares to strike. Combining pulse-pounding action, diabolical enemies, and an insider's knowledge of the tricks of the trade, the BODYGUARD series is the perfect target for fans of Alex Rider, James Bond, 24, and Jason Bourne. Praise for BODYGUARD “Breathtaking action . . . as real as it gets.”—Eoin Colfer, author of the bestselling Artemis Fowl series “The training sequences are detailed and realistic, and Connor is relatable and likable. Featuring intense action sequences and strong friendships, this series starter will appeal to reluctant readers and fans of the ‘Alex Rider’ books.”—School Library Journal on Recruit The complete 3-book international political thriller series that has sold over 475,000 copies! “One of the most entertaining and intriguing authors of international political thrillers in the country. . . . His novels are un-put-downable!” —Steve Forbes, editor-in-chief, Forbes magazine “Guaranteed sleep loss for the reader of this can’t-put-down novel.” —World magazine This product bundles three of Joel Rosenberg’s blockbuster thrillers featuring J. B. Collins together into one e-book. The Third Target When New York Times foreign correspondent J. B. Collins hears rumors that an al-Qaeda splinter cell—ISIS—has captured a cache of chemical weapons inside Syria, he knows this is a story he must pursue at all costs. With terrorist forces trying to bring down two Arab governments and the U.S. president about to make a trip to the region, can Collins uncover the terrorists’ plot before it’s too late? The First Hostage “The president of the United States . . . is missing.” With these words, New York Times journalist J. B. Collins puts the entire world on high alert. The leaders of Israel and Palestine are critically injured, Jordan’s king is fighting for his life, and the U.S. president is missing and presumed captured. Working with the Secret Service, Collins must locate and rescue the leader of the free world before ISIS’s threats become a catastrophic reality. Without Warning As he prepares to deliver the State of the Union address, the president of the United States is convinced ISIS is on the run. But with the Middle East on fire, the Israeli prime minister dead, and Amman in ruins, journalist J. B. Collins fears a catastrophic attack inside the American homeland is imminent. He argues that only an all-out manhunt to capture or kill the leader of ISIS can stop the attack and save America before it’s too late. An electrifying thriller featuring Eve Rossi, head of a secret division of the FBI—one made up of ex-convicts with extraordinary talents, oversized egos, and contempt for the rules NAMED ONE OF THE BEST BOOKS OF THE YEAR BY LIBRARY JOURNAL AND SUSPENSE MAGAZINE In the hushed quiet of early morning Manhattan, in front of the towering bronze doors of Saint Patrick’s Cathedral, a young woman holds a sign that reads: HELP ME. For one FBI agent, a madman’s terrified hostages, and an entire city, a long and harrowing day is about to unfold. The hostage taker’s identity is unknown. But he knows who FBI agent Eve Rossi is—and everything about her past. Along with her presence, he demands five witnesses: ordinary people with some hidden connection. Defying her superiors, Eve begins a deadly dance with an adversary whose intentions are surely sinister, whose endgame is anything but certain, and whose cunning keeps him one step ahead at every turn. As Eve manages a taut hostage situation, she relies on the combined skills of her team—a secret unit inspired by France’s most notorious criminal and made up of ex-convicts with extraordinary talents, oversized egos, and contempt for the rules. Eve is up against a rapidly ticking clock. But the dangerous man calling the shots has a timetable of his own—and a searing question for his targets: What are you guilty of? As shocking revelations surface, so does another crisis nobody could anticipate—one not even Eve and her team may be able to stop. Praise for Hostage Taker “A high-voltage game of parry and thrust.”—New York Daily News “The perfect blend: an urban thriller as modern as tomorrow’s New York Times, driven by a two-hundred-year-old idea, with a main character to die for. I hope we see plenty more of Eve Rossi and her team.”—Lee Child, #1 New York Times bestselling author of Personal “The concept is great. . . . The twists are good, and the emotion level climbs higher and higher. . . . Pintoff has serious potential to go into waters already charted by the likes of Lisa Gardner, Tami Hoag, and Allison Brennan.”—Sarah Weinman, The Crime Lady “Amazing . . . [Hostage Taker] will keep you awake nights. . . . The book boasts a dynamic heroine. . . . You will never look at the beauties of the complicated structure that is St. Patrick’s Cathedral in New York quite the same again.”—Liz Smith, New York Social Diary “A high-velocity roller coaster of a thriller!”—Jeffery Deaver, New York Times bestselling author of The Skin Collector “A brilliant thriller from a gifted writer

. . . Pintoff is one of the best crime writers at work today.”—Michael Koryta, New York Times bestselling author of *Those Who Wish Me Dead* “A gripping conclusion . . . tense and thoughtful . . . a sharp new crime series.”—*Nights and Weekends* “Pintoff skillfully ratchets up the tension and throws more than one curveball into this twisty, exciting read.”—Booklist (starred review) “Strong writing, a well-paced plot, and intriguing characters make this one of the best thrillers of the year. Fans of Lisa Gardner will find much to like here.”—Library Journal (starred review) Presented in paperback in two volumes because of its massive content, with a total of over a thousand pages of text and images, this unique and comprehensive book provides encyclopedic coverage of the Iranian hostage crisis during the Carter administration and the 1980 failed military rescue mission with declassified Department of Defense documents, intelligence reports, histories and reports. On November 4, 1979, more than 3,000 Iranian militant students stormed the American Embassy in Tehran, Iran. 66 Americans were seized and held hostage, precipitating a confrontation with the United States. The result of this crisis would change the course of a presidency, and affect the relations between the two nations. In military history one can stand out as a splendid example or a disastrous reminder. On April 24, 1980, highly-trained members of the four armed services made a valiant attempt to rescue the 44 diplomats and servicemembers held hostage in the Islamic republic of Iran. What the vast majority of Americans did not know was that planning for an armed rescue attempt began almost immediately after the embassy was overrun. The code name for the overall operation was Rice Bowl, while the operational portion was known as Eagle Claw. The operation was complex and faced several limiting factors, among which were the relative isolation of Tehran and the available courses of action which involved an increased risk of equipment failure. One critical piece of the operation was a refueling and overnight stay at a mid-desert site named Desert One. When the operation finally launched on the night of April 24, 1980, equipment failures and unpredictable dust storms caused the on-scene commanders to abort the mission. As the rescue force prepared to evacuate Desert One, an H-53 helicopter collided with a C-130. Nicholls, Montgomery, and Knowles on *The Law of Extradition and Mutual Assistance* provides a comprehensive and analytical treatment of the laws covering the extradition and mutual assistance agreements, as well as international mutual assistance. Provides extensive treatment of both extradition and mutual assistance in one text. Text no. 1: The variety of topics covered & the quality of the contributors make these two volumes a necessary part of any law library in the world. The essays are designed to overlap in the well-tested & established fields & branches of law dealing with contemporary issues which lawyers, diplomats, political scientists, politicians & research scholars are familiar with. The essays fully demonstrate the depth of knowledge of the eminent professors & specialists who have written them. The two volumes of essays are divided into seven parts. Volume One, entitled *Contemporary International Law & Human Rights*, focuses essentially on subjects relating to

International Law & is divided into three sections. Part one of the first volume encompasses Topics in International Law such as Some New Thoughts on the Codification of International Law by his Excellency Judge Roberto Ago; Evidence in the Procedure of the International Court of Justice: The Role of the Court by His Excellency Judge Manfred Lachs; The Validity of International Law: an Empirical Experiment by Professor Georg Schwarzenberger, with a particularly engaging & incisive Introduction to the two volumes of Essays by Professor Ian Brownlie, Q.C. Human rights subjects still hold pride of place in the thinking of many legal experts & scholars & that is clearly reflected here. The title of the second volume is African Law & Comparative Public Law. Part Five of the essays contains topics of interest in the African Legal system which has its roots in the British Common Law System. Constitutional Law is broadly covered in part six which forms a section of its own in Volume Two. Text no. 2: This Festschrift pays tribute to Judge Taslim Olawale Elias, the leading African exponent of International Law to date. The two volumes of essays are divided into seven parts. The first volume focuses essentially on subjects relating to International Law & is divided into three sections. Part one of the first volume encompasses Topics in International Law such as Some New Thoughts on the Codification of International Law by His Excellency Judge Roberto Ago; Evidence in the Procedure of the International Court of Justice: The Role of the Court by His Excellency Judge Manfred Lachs; The Validity of International Law: an Empirical Experiment by Professor Georg Schwarzenberger, with a particularly engaging & incisive Introduction to the two volumes of Essays by Professor Ian Brownlie, Q.C. Human Rights subjects still hold the pride of place in the thinking of many legal experts & scholars which is clearly reflected here. The title of the second volume is African Law & Comparative Public Law. Part five of the essays contains topics of interest in African Legal system which took its roots from the British Common Law System. Constitutional Law is broadly covered in part six which forms a section of its own in volume two. Quite apart from the variety of topics covered in this festschrift, the quality of the contributors to it, makes the whole exercise a necessary part of an important collection of any law library in the world. The framework of the essays suggest that they are designed to overlap in the well-tested & established field of law & those branches of law dealing with contemporary issues which lawyers, diplomats, political scientists, politicians & research scholars are familiar with. The richness of the festschrift is matched only by the mutually reinforcing manner in which the presentation was made. The essays fully demonstrate the depth of knowledge of the eminent professors & specialists wh Gripping exposé of the act of hostage-taking, and of being a hostage, in the spheres of war and terrorism in post-communist geographies of global Islam. Separated from her son and forced to create a neural implant that will mean the effective enslavement of her psychically gifted race, Ashaya Aleine is the perfect Psy: cool, calm, emotionless ... at least on the surface. Inside, she's fighting a desperate battle to save her son and escape the vicious cold of the PsyNet. Yet when escape comes, it leads not to safety, but to the lethal danger of a sniper's embrace. DarkRiver sniper Dorian Christensen lost his sister to a Psy killer. Though he lacks the changeling ability to shift into animal form, his leopard lives within. And that leopard's rage at the brutal loss is a clawing darkness that hungers for vengeance. Falling for a Psy has never been on Dorian's agenda. But charged with protecting Ashaya and her son, he discovers that passion has a way of changing the rules ... I never knew when he'd come to me. Only that he would. The arrest of General Augusto Pinochet in October 1998 was a wake-up call to tyrants everywhere. The two subsequent rulings by the British House of Lords rejecting his claim of immunity forged legal history. This book traces the legal proceedings in the Pinochet case from the investigation in Spain, through the October 1999 ruling by a London Magistrate that Pinochet could be extradited to Spain, to the final decision to release Pinochet for health reasons. By including the full text of the British judicial decisions as well as the arrest warrants, translations of the key Spanish court rulings, excerpts from the legal arguments put forward by all sides, and commentaries by participants in the case and legal scholars, this volume gives the reader an understanding of the factual, political, and legal context of this historic prosecution. Some vols. include supplemental journals of "such proceedings of the sessions, as, during the time they were depending, were ordered to be kept secret, and respecting which the injunction of secrecy was afterwards taken off by the order of the House." Examines the changing situations in which hostages were used in the Europe and the Mediterranean world from the fifth to the fifteenth centuries, touching on a wide range of topics in military, diplomatic, political, social, gender, economic, and legal history. It's Into The Fire – But Who's Burning? Paying It Forward... Larry

Klempner has a Past, and it's not one he's proud of. But the ex-trafficker is trying to forge a hopeful future from his wasted years. When an old acquaintance thrusts him into a situation that has 'The Past' written all over it, what are Klempner's choices? Fighting takes on many forms and running isn't an option. Klempner will need to bring his A-Game to the front for this one. When you're drawn Into the Fire, someone will burn. But who? A Steamy Standalone Larry Klempner Thriller Approx 23,700 Words

PLEASE NOTE: This novella-length story was originally published as part of the 'Into the Fire' anthology (now out of print). The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government. The Rowman & Littlefield Handbook of Policing, Communication, and Society brings together well-regarded academics and experienced practitioners to explore how communication intersects with policing in areas such as cop-culture, race and ethnicity, terrorism and hate crimes, social media, police reform, crowd violence, and many more. By combining research and theory in criminology, psychology, and communication, this handbook provides a foundation for identifying and understanding many of the issues that challenge police and the public in today's society. It is an important and comprehensive analysis of the enormous changes in the roles of gender in society, digital technology, social media, and organizational structures have impacted policing and public perceptions about law enforcement. George Kohlrieser—an international leadership professor, consultant, and veteran hostage negotiator—explains that it is only by openly facing conflict that we can truly progress through the most difficult business challenges. In this provocative book, he reveals how the proven techniques and psychological insights used in hostage negotiation can be applied successfully to any personal or business relationship. Step by step, he outlines the seven key factors that anyone can use to remove the blocks that stand in the way of resolving tough problems and shows how business leaders, in particular, can develop and access the skills they need to create trust and a positive mind-set in their companies. How effective are the methods currently used to deal with hostage situations? This study attempts to answer that question by examining the ways in which terrorists manipulate the hostage/ barricade tactic—one of the most formidable and frightening devices in their arsenal—and by analyzing the response of law enforcement officers and policymakers to its use. Drawing on case materials and interviews with high-level decision makers, both in the United States and abroad, who are involved with domestic and international terrorist operations, Professor Miller analyzes the political and psychological motifs of hostage/barricade dramas. He then looks at terrorism, particularly political terrorism, within the broader theoretical context of the general study of political violence and the operational concerns of public decision makers and law enforcement personnel. A teenage undercover bodyguard has to protect the president's daughter from being taken hostage by a terrorist sleeper cell. Written by a former hostage negotiator, Taken Hostage provides specific daily behavioral, situational, and long-term psychological strategies used successfully by hostages who survived months and years of mental and physical torture by terrorists, religious extremists, and criminal gangs. The book describes in detail the five stages of a hostage taking. Whether taken hostage for ransom, political leverage, or as a human shield, the book suggests what treatment the hostage can expect during each stage and how to best counter them. Taken Hostage describes how a hostage can moderate the physical and mental effects caused by physical tortures such as binding, suspension, beatings, starvation, and sexual assault and against mental tortures such as social deprivation, false executions, and brainwashing. The book identifies the mental hazards of depression, suicide, and barbed-wire psychosis and how to combat them. Particular strategies such as passive compliance and humanizing will instruct the hostage on how to apply recognized psychological strategies to the hostages advantage, and as such, play a more active role in their day-to-day physical treatment and sustain positive mental health. The book stresses safer travel planning as the most important strategy against being kidnapped in the first place. It details hotel security, insider accomplices, finding the right hotel and the right taxi, and how to use countersurveillance techniques to identify and thwart a potential kidnapping. The book coaches the hostages family and employers back home how to effectively manage the media and one another, thereby reducing the incidence of hostage and family PTSD and reintegrating a changed person back into their changed family. The detailed survival strategies will inspire a hostages will to live and sustain a familys hope. It is written for domestic and international travelers, UN and NGO volunteers, military personnel, and anyone in harms way. Widely regarded as the authoritative work in the field, this

book comprehensively explores the psychological needs of today's service members and how to meet them effectively. Expert contributors review best practices for conducting fitness-for-duty evaluations and other types of assessments, treating frequently encountered clinical problems, responding to disasters, and promoting the health and well-being of all personnel. The book also examines the role of mental health professionals in enhancing operational readiness, with chapters on crisis and hostage negotiation, understanding terrorists, and more. New to This Edition *The latest scientific knowledge, clinical interventions, and training recommendations. *Chapter on acute combat stress. *Chapter on post-deployment problems, including PTSD and depression. *Chapter on military psychology ethics. *Coverage of blast concussion screening and evaluation. ?
