The first middle grade novel in an exciting new
series from acclaimed author Diana Peterfreund,
perfect for fans of The Goonies and The City of

Ember. Gillian Seagret doesn't listen to people who say her father's a crackpot. His conspiracy theories about the lost technology of Cold War-era rocket scientist Dr. Aloysius Underberg may have cost him his job and forced them to move to the middle of nowhere, but Gillian knows he's right and plans to prove it. When she discovers a missing page from Dr. Underberg's diary in her father's mess of an office, she thinks she's found a big piece of the puzzle—a space-themed riddle promising to lead to Dr. Underberg's greatest invention. Enlisting the help of her skeptical younger brother, Eric, her best friend, Savannah, and Howard, their NASA-obsessed schoolmate, Gillian sets off on a journey into the ruins of Omega City, a vast doomsday bunker deep inside the earth. But they aren't alone inside its dark and flooded halls. For while Gillian wants to save her dad's reputation by bringing Dr. Underberg's secrets to light, there are others who will stop at nothing to make sure they stay buried . . . forever. This book examines six different monsters that appear in YA fiction: vampires, shapeshifters, zombies, unicorns, angels, and demons. Beginning with a discussion of the meaning of monsters in cultures all over the world, subsequent chapters discuss the history and most important incarnations of the aforementioned monsters. Titles featuring the same kind of monsters

are compared, and interviews with authors provide insight into why they wrote these titles and information on why they are important. The bibliography at the end of the volume includes a comprehensive list of titles featuring the various monsters.

A dark, epic fantasy about a girl who must rethink everything she believes after she is betrayed and hunted by the religion that raised her—from Megan Bannen, author of *The Bird and the Blade*. Perfect for fans of *The Winner's Curse* and *The Girl of Fire and Thorns*.

Gelya is a Vessel, a girl who channels the word of the One True God through song. Cloistered with the other Vessels of her faith, she believes—as all Ovinists do—that a saint imprisoned Elath the Great Demon centuries ago, saving humanity from earthly temptation. When Gelya stumbles into a deadly cover-up by the Ovinists' military, she reluctantly teams up with Tavik, an enemy soldier, to survive. Tavik believes that Elath is actually a mother goddess who must be set free, but while he succeeds in opening Her prison, he inadvertently turns Gelya into Elath's unwilling human vessel. Now the church that raised Gelya considers her a threat. In a race against the clock, she and Tavik must find a way to exorcise Elath's presence from her body. But will this release stop the countdown to the end of the world, or will it

be the cause of the earth's destruction? And as Tavik and Gelya grow closer, another question lingers between them: What will become of Gelya? The thrilling sequel to the book that Kirkus Reviews called "ingeniously plotted and vastly entertaining," inspired by the classic board game CLUE--now in paperback! New semester. New secrets. New murder. In the aftermath of their headmaster's brutal murder, Blackbrook Academy has been thrown into chaos. Half the student body hasn't bothered to return to campus--but those who have include Orchid McKee, Vaughn Green, Scarlett Mistry, Beth "Peacock" Picach, Phineas Plum, and Sam "Mustard" Maestor, now warily referred to by the other students as the Murder Crew. When another staff member is found dead, each teen's reasons for sticking around come to light. Orchid and Vaughn grow ever closer to having their secrets exposed, Peacock and Scarlett struggle to change their stripes, and Plum and Mustard question everything. As everything comes to a boiling point at Tudor House, nobody's life will ever be the same. This compelling story of adventure, romance, and intrigue, set in ancient Egypt, was written by the three-time Newbery Honor and Edgar Award winning author Eloise Jarvis McGraw. Mara is a proud and beautiful slave girl who yearns for freedom in

ancient Egypt, under the rule of Queen Hatshepsut. Mara is not like other slaves; she can read and write, as well as speak the language of Babylonian. So, to barter for her freedom, she finds herself playing the dangerous role of double spy for two arch enemies—each of whom supports a contender for the throne of Egypt. Against her will, Mara finds herself falling in love with one of her masters, the noble Sheftu, and she starts to believe in his plans of restoring Thutmose III to the throne. But just when Mara is ready to offer Sheftu her help and her heart, her duplicity is discovered, and a battle ensues in which both Mara's life and the fate of Egypt are at stake. "Dangerous espionage, an unusual love story, and richly drawn background make this a book to capture quick and lasting interest."—Horn Book "Thoroughly engrossing."—Kirkus Reviews

In the war-ravaged England of 1940, Charlotte Bromley is sure of only one thing: Kitty McLaughlin is her best friend in the whole world. But when Charlotte's scientist father makes

an astonishing discovery that the Germans will covet for themselves, Charlotte is faced with an impossible choice between danger and safety. Should she remain with her friend or journey to another time and place? Her split-second decision has huge consequences, and when she finds herself alone in the world, unsure of Kitty's fate, she knows that somehow, some way, she must find her way back to her friend. Written in the spirit of classic time-travel tales, this book is an imaginative and heartfelt tribute to the unbreakable ties of friendship. Jandy Nelson's beloved, critically adored debut is now an Apple TV+ and A24 original film starring Jason Segel, Cherry Jones, Grace Kaufman, and Jacques Colimon. "Both a profound meditation on loss and grieving and an exhilarating and very sexy romance." —NPR

Adrift after her sister Bailey's sudden death, Lennie finds herself torn between quiet, seductive Toby—Bailey's boyfriend who shares Lennie's grief—and Joe, the new boy in town who bursts with life and musical genius. Each offers Lennie something she desperately needs. One boy helps her remember. The other lets her forget. And she knows if the two of them collide, her whole world will explode. As much a laugh-out-loud celebration of love as a nuanced and poignant portrait of loss, Lennie's struggle to sort her own

melody out out the noise around her makes for an always honest, often uproarious, and absolutely unforgettable read. Keturah, renowned for her storytelling, follows a legendary hart deep into the forest, where she becomes hopelessly lost. Her strength diminishes until, finally, she realizes that death is near—and learns then that death is a young lord, melancholy and stern. She is able to charm Lord Death with a story and gain a reprieve, but he grants her only a day, and within that day she must find true love. A mesmerizing love story, interweaving elements of classic fantasy and high romance. At the age of seventeen, Lucille Odom finds herself in the middle of an unexpected domestic crisis. As she helps guide her family through its discontent, Lucille discovers in herself a woman rich in wisdom, rich in humor, and rich in love. From a young girl facing a life-threatening crisis at Lunar Camp to a crew of elderly women graced with the power of Greek gods, you'll find an engaging and diverse range of science fiction and fantasy stories by women, about women. A town gripped by fear. A woman accused of witchcraft. Who can save Pale Harbor from itself? Maine, 1846. Gabriel Stone is desperate to escape the ghosts that haunt him in Massachusetts after his wife's death, so he moves to Maine, taking a position as a

minister in the remote village of Pale Harbor. But not all is as it seems in the sleepy town. Strange, unsettling things have been happening, and the townspeople claim that only one person can be responsible: Sophronia Carver, a reclusive widow who lives with a spinster maid in the eerie Castle Carver. Sophronia must be a witch, and she almost certainly killed her husband. As the incidents escalate, one thing becomes clear: they are the work of a twisted person inspired by the wildly popular stories of Mr. Edgar Allan Poe. And Gabriel must find answers, or Pale Harbor will suffer a fate worthy of Poe's darkest tales.

At an elite university, Amy Haskel has been initiated into the country's most notorious secret society. But in this power-hungry world where new blood is at the mercy of old money, hooking up with the wrong people could be fatal. Now a senior at Eli University, Amy is looking her future squarely in the eye—until someone starts selling society secrets. When a female member mysteriously disappears and a series of bizarre messages suggests conspiracy within the ranks, no member of *Rose & Grave* is safe . . . or above suspicion. On Amy's side, the other women in *Rose & Grave* remain loyal. Against her? A group of *Rose & Grave's* überpowerful patriarchs who want their old boys' club back. As new developments in her love life threaten to explode, and the search for the missing girl takes a disturbing turn, Amy will need to use every society maneuver she's ever learned in order to stay one step ahead. Even if it means turning to old adversaries for help—or looking for her real enemies closer than she'd thought. Seventeen-year-old Maggie Cunningham is tough, smart, and sassy.

She's also not like other girls her age, but then, who would be when the family business is monster hunting? Combat boots, ratty hooded sweatshirts, and hair worn short so nothing with claws can get a grip, Maggie's concerns in life slant more toward survival than fashion or boys. Which presents a problem when Maggie's mother informs Maggie that she can't get her journeyman's license for hunting until she loses her virginity. Something about virgin blood turning vampires into pointy rage monsters. Maggie's battled ghosts and goblins and her fair share of house brownies, but finding herself a boy - fitting in with her peers - proves a much more daunting task than any monster hunt. Did you know normal girls don't stuff their bras with holy water balloons or carry wooden stakes in their waistbands? And they care about things like "matching" and "footwear." Of course, they also can't clean a gun blindfolded, shoot a crossbow, or exorcise ghosts from a house. Which means they're lame and Maggie's not. Because Maggie's awesome. The Awesome, in fact. Just ask her. She'd be more than happy to tell you. After she finds herself a date... Pursued by a secret witch-hunting arm of the Inquisition, 14-year-old bookmaker's apprentice Baltasar joins Columbus' expedition to escape and discovers secrets about his own past that his family

Debut author Jeanne Ryan delivers on a Black Mirror meets Pretty Little Liars novel full of action, suspense and hot romance. Forget everything you ever knew about unicorns. The fluffy, sparkly, friendly "horses" so popular the world over don't exist. Real unicorns are killers. Beasts the size of elephants, with cloven hooves that shake the earth, hides impervious to bullets, and horns that contain a deadly poison, unicorns can outrun a sports car and smell a human from a mile away. And they can only be killed by virgin warriors descended from Alexander the Great. Sixteen-year-old Astrid Llewelyn has grown up with her mom Lilith's tall tales about unicorns and their exalted family heritage, but figures her mom's crazy. But the scary stories her mom told her about the

monsters in her formative years left her with a firm phobia about unicorns, even the cutesy kind popular with young girls. But when one of the monsters attacks her boyfriend in the woods—thereby ruining any chance of him taking her to prom—Astrid finds herself headed to Rome to train as a unicorn hunter. “As swift and sure-footed as a killer unicorn, Rampant weaves a vibrant new mythology from venerable threads.”—Scott Westerfeld, bestselling author of the Uglies series Fans of Beautiful Disaster will devour Diana Peterfreund’s Ivy League novels—Secret Society Girl, Under the Rose, Rites of Spring (Break), and Tap & Gown. And this time, it is not enough to just survive... The Revolution of Ivy is the shattering conclusion to the young adult dystopian Ivy duology, by the author of The Roanoke Girls. The dramatic and deadly conclusion to the thrilling YA mystery series inspired by the classic board game CLUE—now in paperback! After a tragic accident at Blackbrook Academy kills one of their own, Orchid, Scarlett, Peacock, Mustard, and Plum are desperate to put the pieces back together and finish out the year. The Murder Crew may have earned their nickname, but the last of their secrets are still coming to light and threatening to destroy friendships, futures, and more. And when another suspicious death rocks the campus and Blackbrook's dark past crashes into its present, they have a choice: Band together or turn on each other.

Because this year's prom? It's to die for. In Mary's world there are simple truths. The Sisterhood always knows best. The Guardians will protect and serve. The Unconsecrated will never relent. And you must always mind the fence that surrounds the village; the fence that protects the village from the Forest of Hands and Teeth. But, slowly, Mary's truths are failing her. She's learning things she never wanted to know about the Sisterhood and its secrets, and the Guardians and their power. And, when the fence is breached and her world is thrown into chaos, about the Unconsecrated and their relentlessness. Now, she must choose between her village and her future, between the one she loves and the one who loves her. And she must face the truth about the Forest of Hands and Teeth. Could there be life outside a world surrounded in so much death?
