In 1850, with the importance of myths in question, Professor Aisling and his two young daughters set out from London on a journey aboard a magical ship and encounter an assortment of characters who prove the power of stories. 'Fowler's moving memoir charts her experience of coming out as a gay woman, alongside her journey through Birmingham's canal networks, mapping both the waterways and the travails of her heart.' Observer 'An emotional and compelling memoir, that left me inspired, both by her bravery in transforming her life, and by the unexpected beauty she finds along the way' Countryfile Magazine 'Fowler beautifully exposes her emotional fragility while also celebrating the unloved nature of buddleia, herons and even the water rats who take refuge among the locks.' i paper 'Fowler captures the beauty of the canal's dishevelled, neglected condition...' Times Literary Supplement 'Thoughtful and heartbreakingly honest ...Beautiful' Press Association 'An astounding memoir' Gay Star News 'Hidden Nature is one of the most thrilling things I've read in a long time' Waterways World 'She writes wonderfully about the species that have carved out a place for themselves amid the discarded shopping trolleys, condom packets and industrial waste' Guardian 'This candid book is as much about mapping the heart as it is about mapping the paths of waterways. Lovely.' Simple Things 'A beautiful memoir' Good Housekeeping 'Gentle, brave and acutely observant' Woman's Weekly Leaving her garden to the mercy of the slugs, the Guardian's award-winning writer Alys Fowler set out in an inflatable kayak to explore Birmingham's canal network, full of little-used waterways where huge pike skulk and kingfishers dart. Her book is about noticing the wild everywhere and what it means to see beauty where you least expect it. What happens when someone who has learned to observe her external world in such detail decides to examine her internal world with the same care? Beautifully written, honest and very moving, Hidden Nature is also the story of Alys Fowler's emotional journey and her coming out as a gay woman: above all, this book is about losing and finding, exploring familiar places and discovering unknown horizons. Can home be a place you've never been, a place no one has ever been? The White Cloud is the most audacious experiment the human species has ever undertaken—to search for a new Earth. The ship and its crew exist for a solitary purpose—to reach a distant planet and establish a colony. However, the vast majority of people undertaking this journey will not live to see its result, nor were they part of the decision-making process to leave. A novel-in-stories, following the many generations who make the journey, The Voyage of the White Cloud asks how you can find meaning as a slave to destiny, a mere stepping-stone in history. These are the stories of the most ordinary people on a most extraordinary journey. p.p1 {margin: 0.0px 0.0px 28.0px 0.0px; line-height: 22.0px; font: 18.0px Times; color: #000000; -webkit-text-stroke: #000000; background-color: #ffffff} span.s1 {font-kerning: none} Voyage of H.M.S.S. Erebus and Terror to the Antarctic Ocean, 1839-43. This is a reproduction of the original artefact. Generally these books are created from careful scans of the original. This allows us to preserve the book accurately and present it in the way the author intended. Since the original versions are generally quite old, there may occasionally be certain imperfections within these reproductions. We're happy to make these classics available again for future generations to enjoy! Published in 1905, this is Captain Scott's highly illustrated two-volume account of his first expedition to Antarctica in 1901-4. When a half-drowned elf is found floating in the seas of the Blue Divide, an old mystery resurfaces. Thirty years ago, an elven prince led an expedition in search of a legendary magic said to be more powerful than any in the world. Of all those who set out on that ill-fated voyage, not one has ever returned. Until now. The rescued elf carries a map covered with mysterious symbols—and Walker Boh, the last of the Druids, has the skill to decipher them. But someone else understands the map's significance: the Ilse Witch, a ruthless young woman who wields a magic as potent as his own. She will stop at nothing to possess the map—and the magic it leads to. Thus begins the first volume of a dazzling new adventure in one of the most popular fantasy series of our time From bestselling author Soraya Lane comes a story of friendship, love, and heartbreak at the end of World War II. 1945: Along with hundreds of other war brides, Betty, Madeline, Alice, and June set sail for New York to be with the men they love. In the days they spend at sea, the four young women become firm friends and vow to stay in touch no matter what their new lives bring. Life in a new country comes with many challenges, but Betty, Madeline, Alice, and June didn't move half way across the world to give up without a fight. As their love is tested, the one thing they can count on is the friendship they forged while crossing the Atlantic. The Voyage of the Beagle A Naturalist's Voyage Round the World by Charles Darwin This prophecy has been amply verified by experience; the extraordinary minuteness and accuracy of Mr. Darwin's observations, combined with the charm and simplicity of his descriptions, have ensured the popularity of this book with all classes of readers--and that popularity has even increased in recent years. No attempt, however, has hitherto been made to produce an illustrated edition of this valuable work: numberless places and objects are mentioned and described, but the difficulty of obtaining authentic and original representations of them drawn for the purpose has never been overcome until now. Mackinnon recounts his own fascinating journey from north Wales to the Black Sea in a small Mirror dinghy. A marvelous madcap adventure, told with verve and humor by the indefatigable 'captain.' Jacques has left the love of his life, Jeannette, in England as he follows his destiny, immigrating to Canada with his three Percheron horses from France in a harrowing voyage from Liverpool to Montreal in late winter of 1852, while she and her family are dealing with the consequences of her dysfunctional brother's behavior, promising to follow when things are better. After their business is bombed and their stable burned, she convinces her family to immigrate with her, but on the way to Liverpool, her rebellious brother falls in love with Lord Montgomery's daughter, with disastrous implications. Fast-moving adventure and intriguing romance make this a page-turner. Set in the midst of the Victorian Age, the intrigue of the Gypsies, woven through with the Gospel Message, it is both an exciting and heartwarming tale. The Voyage of the Dawn Treader sees Edmund and Lucy, along with their priggish cousin Eustace Scrubb, return to Narnia. Once there, they join Caspian's voyage on the ship to find the seven lords who were banished when Miraz took over the throne.? As they sail toward Aslan's country at the edge of the world, they come face to face with many dangers and wonders, including the place where dreams come true. They discover that their quest is more than they imagined and that the world's end is only the beginning... The Bern Book is a travelogue, a memoir, a "diary of an isolated soul" (Darryl Pinckney), and a meditation on the myth and reality of race in midcentury Europe and America. In 1953, having left the US and settled in Bern, Switzerland, Vincent O. Carter, a struggling writer, set about composing a "record of a voyage of the mind." The voyage begins with Carter's furiously good-humored description of how, every time he leaves the house, he must face the possibility of being asked "the hated question" (namely, Why did you, a black man born in America, come to Bern?). It continues with stories of travel, war, financial struggle, the pleasure of walking, the pain of self-loathing, and, through it all, various experiments in what Carter calls "lacerating subjective sociology." Now this long-neglected volume is back in print for the first time since 1973. Deception and betrayal. Alba always feels like an outsider. She hardly knew her Italian mother and her English father ignores her. Alba makes a journey back to Italy to find her mothers family, this journey takes her into the past but also gives her a new future. The thrilling adventure of Lady Trent continues in Marie Brennan's Voyage of the Basilisk . . . Devoted readers of Lady Trent's earlier memoirs, A Natural History of Dragons and The Tropic of Serpents, may believe themselves already acquainted with the particulars of her historic voyage aboard the Royal Survey Ship Basilisk, but the true story of that illuminating, harrowing, and scandalous journey has never been revealed—until now. Six years after her perilous exploits in Eriga, Isabella embarks on her most ambitious expedition yet: a two-year trip around the world to study all manner of dragons in every place they might be found. From feathered serpents sunning themselves in the ruins of a fallen civilization to the mighty sea serpents of the tropics, these creatures are a source of both endless fascination and frequent peril. Accompanying her is not only her young son, Jake, but a chivalrous foreign archaeologist whose interests converge with Isabella's in ways both professional and personal. Science is, of course, the primary objective of the voyage, but Isabella's life is rarely so simple. She must cope with storms, shipwrecks, intrigue, and warfare, even as she makes a discovery that offers a revolutionary new insight into the ancient history of dragons. The Lady Trent Memoirs 1. A Natural History of Dragons 2. The Tropic of Serpents 3. Voyage of the Basilisk 4. In the Labyrinth of Drakes 5. Within the Sanctuary of Wings At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. Narrative of a voyage undertaken for the purpose of surveying the lesser-known parts of the coast of northeastern Australia and the islands of Torres Straits and the Great Barrier Reef. New Guinea was also visited and the Fly River discovered. Also included are accounts of Timor and its aborigines, Dutch Java, Sandalwood Island, Singapore, and Malacca. Jukes was the naturalist on the expedition. We are happy to announce this classic book. Many of the books in our collection have not been published for decades and are therefore not broadly available to the readers. Our goal is to access the very large literary repository of general public books. The main contents of our entire classical books are the original works. To ensure high quality products, all the titles are chosen carefully by our staff. We hope you enjoy this classic. This adventure novel about survival at sea by Newbery Honor author Gary Paulsen is now available in an After Words paperback edition! David thought he was alone, that the ocean around him was all there was of the world. The wind screamed, the waves towered, and his boat, the twenty-two foot fiberglass FROG, skidded and bucked and, each moment, filled deeper and grew heavier with sea water. David thought surely he was dead at fourteen. His uncle Owen, who had taught him about sailing safely, would be so angry. Owen had died only days ago, his last wish for David to take the FROG out on his own, and sail her beyond sight of the coast, and once there, scatter Owen's ashes. Christian Beamish, a former editor at The Surfer's Journal, envisioned a low-tech, self-reliant exploration for surf along the coast of North America, using primarily clothes and instruments available to his ancestors, and the 18-foot boat he would build by hand in his garage. How the vision met reality – and how the two came to shape each other – places Voyage of the Cormorant in the great American tradition of tales of life at sea, and what it has to teach us. Excerpt from The Voyage of the Vega Round Asia and Europe, Vol. 2 of 2: With a Historical Review of Previous Journeys Along the North Coast of the Old World Hong Kong and Canton - Stone-polishing Establishments at Canton - Political Relations in an English Colony

- Treatment of the Natives - Voyage to Labuan - Coal Mines there - Excursion to the shore of Borneo - Malay Villages - Singapore - Voyage to Ceylon - Point de Gallo - The Gem Mines at Ratnapoora - Visit to a Temple - Purchase of Manuscripts - The Population of Ceylon - Dr. Almquist's Excursion to the Interior of the Island. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works. In 2015, Michael Smith set out on a remarkable mission and became the first person to fly solo around the world in an amphibious plane. This is the often funny, occasionally terrifying and always inspiring story of that trip, and how it came about. With limited flying experience, no support team and only basic instruments in his tiny flying boat, the Southern Sun, Michael risked his life to make modern aviation history. His adventures include an unexpected greeting by Special Branch on his arrival in the UK, a near-death experience while leaving Greenland, and a wondrous journey up the Mississippi. Showing a very Australian ingenuity and openness to experience, Michael worked his way around the globe. In seven months he made eighty stops in twenty-five countries, visiting many unusual places and, more often than not, encountering the kindness of strangers. 'Great Aussie spirit in a good old-fashioned, seat-of-the-pants adventure' —Dick Smith 'The blue-sky dreaming of Walter Mitty, the resourcefulness of Phileas Fogg and – dare I say it? – the over-confidence and geniality of Mr Toad in a flying machine. Surely these literary figures were the inspiration for such an adventure. A marvellous exploit and wonderfully told.' —A.J. Mackinnon, author *The Unlikely Voyage of Jack de Crow* Michael Smith was named Australian Geographic's Adventurer of the Year in 2016. He is also one of Australia's last independent metropolitan cinema operators, after he restored and re-opened the beloved Sun Theatre in Yarraville, Melbourne. Excerpt from *Voyage of the Liberdade: Description of Voyage Down to the Sea Gulf Stream*, if it should for a moment go astray, knowing, as all do, that it is the law of all things on earth to err. Believing, nevertheless, that a great Power will regulate all under one law, and make all happy, he would fain sail always free with the wind. For whither wafted are joys and sorrows! About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. This National Book Award-winning debut poetry collection is a "powerfully evocative" (The New York Review of Books) meditation on the black female figure through time. Robin Coste Lewis's electrifying collection is a triptych that begins and ends with lyric poems meditating on the roles desire and race play in the construction of the self. In the center of the collection is the title poem, "Voyage of the Sable Venus," an amazing narrative made up entirely of titles of artworks from ancient times to the present—titles that feature or in some way comment on the black female figure in Western art. Bracketed by Lewis's own autobiographical poems, "Voyage" is a tender and shocking meditation on the fragmentary mysteries of stereotype, juxtaposing our names for things with what we actually see and know. A new understanding of biography and the self, this collection questions just where, historically, do ideas about the black female figure truly begin—five hundred years ago, five thousand, or even longer? And what role did art play in this ancient, often heinous story? Here we meet a poet who adores her culture and the beauty to be found within it. Yet she is also a cultural critic alert to the nuances of race and desire—how they define us all, including her own sometimes painful history. Lewis's book is a thrilling aesthetic anthem to the complexity of race—a full embrace of its pleasure and horror, in equal parts. A major new novel by the award-winning author of *Good to a Fault* and *The Little Shadows*, about two sisters who live aboard a merchant ship on a fateful voyage through the South Pacific. "Up from underneath comes a blue-black swell, a whale rising in a long arc. Kay waits, hovering in the difference between herself and the creature." What is the difference between ourselves and other humans? Between human and animal? Where does that difference persist in our minds? These are the questions Marina Endicott, one of our most beloved storytellers, explores in this sweeping, intoxicating novel set on the *Morning Light*, a ship from Nova Scotia sailing the South Pacific in 1912. Thea and Kay are half-sisters, separated in age by more than a decade. After the death of their stern father, head of a residential school in western Canada, the elder sister, Thea, returns east for her long-awaited marriage to the captain of the ship. She cannot abandon her younger sister, so Kay joins her, and together they embark on a life-changing voyage around the world. At the heart of *The Difference* is one crystallizing moment in Micronesia: Thea forms a bond with a young boy from one of the islands, and takes him as her own. The repercussions of this act reverberate through the novel—forcing Kay to examine her own assumptions about what is forgivable, and what is right. Taking inspiration from the true story of a small boy who was brought on board a Canadian sailing ship in the South Seas, Marina Endicott shows us a vanished world in all its wildness and wonder, and its darkness, prejudice, and difficulty too. She also brilliantly illuminates our own times through Kay's preoccupation with the idea of "difference"—between people, classes, continents, cultures, customs, and species. A breathtaking tour-de-force by one of our most celebrated authors, a writer with the astonishing ability to bring a past world to vivid life while revealing the moral complexity of our own. "A luminous work of historical fiction that explores the far reaches of the Arctic and of men's souls." —Denver Post Capturing a crucial moment in the history of exploration—the mid-nineteenth century romance with the Arctic—Andrea Barrett's compelling novel tells the story of a fateful expedition. Through the eyes of the ship's scholar-naturalist, Erasmus Darwin Wells, we encounter the Narwhal's crew, its commander, and the far-north culture of the Esquimaux. In counterpoint, we meet the women left behind in Philadelphia, explorers only in imagination. Together, those who travel and those who stay weave a web of myth and mystery, finally discovering what they had not sought, the secrets of their own hearts. *Voyage of the Beagle* chronicles Charles Darwin's five years as a naturalist on board the H.M.S. Beagle. The notes and observations that he recorded in his diary included Chile, Argentina and Galapagos Islands and encompasses the ecology, geology and anthropology of the places he visits. A fascinating travel memoir the ideas that were later to evolve into Darwin's theory of natural selection find their naissance in *Voyage of the Beagle*. For more than twenty years, New York Times bestselling author Terry Brooks has proven himself one of the modern masters of fantasy, winning the hearts and minds of devoted readers around the world with his classic Shannara epic. When a half-drowned elf is found floating in the seas of the Blue Divide, an old mystery resurfaces. Thirty years ago, an elven prince led an expedition in search of a legendary magic said to be more powerful than any in the world. Of all those who set out on that ill-fated voyage, not one has ever returned. Until now. The rescued elf carries a map covered with mysterious symbols—and Walker Boh, the last of the Druids, has the skill to decipher them. But someone else understands the map's significance: the Ilse Witch, a ruthless young woman who wields a magic as potent as his own. She will stop at nothing to possess the map—and the magic it leads to. Return to the world of beloved novelist Terry Brooks, where creatures drift up from the earth like mist, a hypnotic song can kill, a sword can cut through a veil of lies—and one man, the true heir of an ancient magic, must choose between betrayal and redemption. BONUS: This edition contains an excerpt from Terry Brooks's *The Measure of the Magic*. Author's journal of 1818 expedition in search of Northwest Passage. Includes information on ice conditions, and descriptions of Polar Eskimos of Cape York region and of extensive stretches of red snow seen there. Also contains record of personnel, equipment, all orders, and work carried out. Winner of the 2020 Costa Children's Book Award A Kirkus Reviews Best Children's Book of 2021 A Times and Sunday Times Best Book of the Year In the aftermath of World War One, everyone in the small town of Barton is rebuilding their lives. Ben needs to find his brother, Sam—who was wounded in action and is now missing—if he wants to avoid being sent to the orphanage. Lotti's horrible aunt and uncle want to send her away from her beloved home to boarding school, just when she has successfully managed to get expelled from her last one. When a chance encounter brings the two children together, each recognizes the other as a kindred spirit. But just as they've found their feet, disaster strikes, and Ben and Lotti must run away. They hatch a plan to cross the English Channel on Ben's narrowboat, the Sparrowhawk, and track down Sam in France. But there's something in France that Lotti is looking for, too. . . . Funny, heartwarming, and wise, *Voyage of the Sparrowhawk* is full of high stakes, twists and connections, and—most of all—adventure. Over 1 million sold in series! While visiting Mr. Whittaker at Whit's Soda Shoppe, Beth and Patrick find a mysterious letter in the Imagination Station requesting a Viking sunstone. The letter is old and says that someone named Albert will be imprisoned if the sunstone isn't found. Mr. Whittaker sends cousins Patrick and Beth to Greenland circa 1000. On their quest for the sunstone, the cousins meet Vikings Erik the Red and Leif Eriksson—and find the sunstone as they join Leif on his first voyage to North America. But the adventure is just beginning, for when they return to Mr. Whittaker's workshop with the sunstone, there is another note waiting for them, requesting a silver goblet. Join Patrick and Beth as they continue their travel to various lands and time in the Imagination Station book series. Dogs in space! Share this book with middle graders who enjoy stories about dogs, space adventures, or action adventure stories—or all three! Perfect for fans of *Homeward Bound* and *Woof*. Lopside is a Barkonaut, a specially trained dog who assists human astronauts on missions in space. He and the crew aboard the spaceship Laika are en route to set up an outpost on a distant planet. When the mission takes a disastrous turn, the Barkonauts on board suddenly find themselves completely alone on their severely damaged ship. Survival seems impossible. But these dogs are Barkonauts—and Barkonauts always complete their mission. SOS. Ship damaged. Human crew missing. We are the dogs. We are alone. In this twistingly beautiful and epically thrilling conclusion to the fantasy trilogy *The Legacy of the Mercenary King*, Michael, the infamous Kingkiller, and Serena, the Hollow Queen, race against the odds to have the future they've worked so hard to protect...or risk bringing about the end of the world. Michael Kingman has discovered his destiny, but the distance to what he wants, namely a life with Serena, the queen of Hollow kingdom, is as wide as the world, and just as cruel. Meanwhile, Dark, the realm's most fearsome mercenary, Michael's sometime mentor, and son of his nemesis, Angelo, is trying to keep Michael in line, for his own purposes as he too has a hidden agenda. Michael comes to realize that he is outclassed by powers that have been working for centuries to bring about a fresh end to the world filled with those he loves. But when has merely being overpowered ever stopped Michael from getting what he wants? To prevent what may bring about the end times Michael must gather his remaining allies and push himself to achieve the impossible because the alternative is worse than he can imagine: it's not just the beginning of the end of the world, it's being alone and forgotten. In this epic conclusion, *The Voyage of the Forgotten* brilliantly wraps up the stories fans have fallen in love with as the characters struggle against odds that seem impossible to overcome. The "extraordinary" true story of the *St. Louis*, a German ship that, in 1939, carried Jews away from Hamburg—and into an unimaginable ordeal (The New York Times). On May 13, 1939, the luxury liner *St. Louis* sailed from Hamburg, one of the last ships to leave Nazi Germany before World War II erupted. Aboard were 937 Jews—some had already been in concentration camps—who believed they had bought visas to enter Cuba. The voyage of the damned had begun. Before the *St. Louis* was halfway across the Atlantic, a power struggle ensued between the corrupt Cuban immigration minister who issued the visas and his superior, President Bru. The outcome: The refugees would not be allowed to land in Cuba. In America, the Brown Shirts were holding Nazi rallies in Madison Square Garden; anti-Semitic Father Coughlin had an audience of fifteen million. Back in Germany, plans were being laid to implement the final solution. And aboard the *St. Louis*, 937 refugees awaited the decision that would determine their fate. Gordon Thomas and Max Morgan Witts have re-created history in this meticulous reconstruction of the voyage of the *St. Louis*. Every word of their account is true: the German High Command's ulterior motive in granting permission for the "mission of mercy;" the confrontations between the refugees and the German crewmen; the suicide attempts among the passengers; and the attitudes of those who might have averted the catastrophe, but didn't. In reviewing the work, the New York Times was unequivocal: "An extraordinary human document and a suspense story that is hard to put down. But it is more than that. It is a modern allegory, in which the *SS St. Louis* becomes a symbol of the *SS Planet Earth*. In this larger sense the book serves a greater purpose than mere drama."
