If you ally dependence such a referred **The Bombing Of Pearl Harbor** book that will offer you worth, acquire the certainly best seller from us currently from several preferred authors.

If you desire to hilarious books, lots of novels, tale, jokes, and more fictions collections are with launched, from best seller to one of the most current released.

You may not be perplexed to enjoy every books collections The Bombing Of Pearl Harbor that we will completely offer. It is not something like the costs. Its very nearly what you need currently. This The Bombing Of Pearl Harbor, as one of the most working sellers here will certainly be in the course of the best options to review.

Right here, we have countless book **The Bombing Of Pearl Harbor** and

collections to check out. We additionally give variant types and afterward type of the books to browse. The customary book, fiction, history, novel, scientific research, as capably as various other sorts of books are readily reachable here.

As this The Bombing Of Pearl Harbor, it ends taking place beast one of the favored books The Bombing Of Pearl Harbor collections that we have. This is why you remain in the best website to see the amazing ebook to have.

Getting the books **The Bombing Of Pearl Harbor** now is not type of inspiring means.

You could not on your own going once ebook heap or library or borrowing from your friends to approach them. This is an totally simple means to specifically acquire guide by on-line. This online broadcast The Bombing Of Pearl Harbor can be one of the options to accompany you in imitation of having other time.

It will not waste your time. resign yourself to me, the e-book will unquestionably sky you new matter to read. Just invest little time to contact this on-line declaration **The Bombing Of Pearl Harbor** as without difficulty as review them wherever you

are now.

When somebody should go to the book stores, search start by shop, shelf by shelf, it is really problematic. This is why we present the book compilations in this website. It will no question ease you to look guide **The Bombing Of Pearl Harbor** as you such as.

By searching the title, publisher, or authors of guide you essentially want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be every best place within net connections. If you point to download and install the **The Bombing Of Pearl**

Harbor, it is very easy then, before currently we extend the link to purchase and create bargains to download and install **The Bombing Of Pearl Harbor** hence simple!

70 years later, the bombing of Pearl Harbor comes to life for a new generation of readers! History's most terrifying moments are brought vividly to life in the action-packed fictional I SURVIVED series! Do you have what it takes to survive ... the bombing of Pearl Harbor? Eleven-year-old Danny Crane is alone on his favorite beach in Hawaii when the world is torn apart and World War II

officially hits the United States. Does he have what it takes to find his way home in the midst of the bombs, the smoke, and the destruction of the day that will live in infamy? Relates the events that led up to the Japanese attack on Pearl Harbor on December 7, 1941, and describes the air attack and its immediate aftermath. Daniel Martinez, Chief Historian at the Pearl Harbor National Monument, states that, "Mitsuo Fuchida is a remarkable man." Commander Fuchida plunged Japan into war with the United States when he led the attack on Pearl Harbor in

December 1941. His autobiography was "discovered" in 2007 in his son's basement library in New Jersey, nearly 66 years after the event that changed the world. This Imperial Japanese Navy officer was also at the Battle of Midway and the Battle of Leyte Gulf and in Hiroshima the day before and the day after the atomic bomb was dropped. Through a chance encounter in Tokyo, he converted to Christianity, and his first testimony in the US was with Billy Graham. During his travels through the US, he met ex-President Truman, President Eisenhower, and many of his former military foes-- Nimitz, Halsey,

Doolittle, Spruance. He tells a fascinating story of his life in war, peace and religious transformation. Among Pacific War enthusiasts, it is well known that there are a number of "disagreements" and "disputes" surrounding what actually happened at Pearl Harbor and Midway and, in Japan, in the days leading up to the surrender ceremony on the USS Missouri. In his autobiography, Japan's top aviator gives his perspective as an enemy and how, after total defeat and occupation of his country, he embraced America as a friend. MITSUO FUCHIDA INTERVIEW WITH MERV GRIFFIN

(1965)--Watch@ www.youtube.com/watch?v=JMe3r7bM9js Explore the history of Pearl Harbor--the attack that brought America into World War 2 On December 7, 1941, the Japanese military launched a surprise attack against the Pearl Harbor naval base in Oahu, Hawaii. The next day, President Roosevelt declared war and America entered into World War 2. Go on a suspenseful journey with this colorfully illustrated story about World War 2 for kids. It takes you through all the events that led up to the attack on Pearl Harbor, the attack itself, and the impact it had on the future of the

war. This book about Pearl Harbor and World War 2 for kids includes: A visual timeline-- Take a look at all the important details of the Pearl Harbor attack with a timeline marking the major milestones. Core curriculum-- Learn the Who, What, Where, When, Why, and How of Pearl Harbor, and take a quick quiz to test your knowledge after you finish this book about World War 2 for kids. Lasting change-- Explore thought-provoking questions that help you better understand how the events at Pearl Harbor affected the world you live in today. Learn about "the day that will live in infamy" with this engaging book

about World War 2 for kids. Using previously unreleased documents, the author reveals new evidence that FDR knew the attack on Pearl Harbor was coming and did nothing to prevent it. This eye-popping, large-size, and image-packed book about the infamous sneak attack that changed the course of history will keep readers fascinated. Through bold images previously unseen outside of Japan, and an authoritative, up-to-date text, the shocking event that was Pearl Harbor unfolds. "A Pulitzer Prize-winning reporter chronicles the 12 days leading up to the Japanese attack on Pearl

Harbor, examining the miscommunications, clues, missteps and racist assumptions that may have been behind America's failure to safeguard against the tragedy,"--NoveList. It was on a sleepy Sunday that the skies above Hawaii were darkened by warplanes, For two young pilots, Rafe McCawley and Danny Walker, and dedicated nurse Evelyn, the war has already had a devastating impact. With America planning a retaliatory act, how will the three find hope amidst the chaos? Revisit the definitive book on Pearl Harbor in advance of the 78th anniversary (December 7, 2019)

of the "date which will live in infamy" At 7:53 a.m., December 7, 1941, America's national consciousness and confidence were rocked as the first wave of Japanese warplanes took aim at the U.S. Naval fleet stationed at Pearl Harbor. As intense and absorbing as a suspense novel, *At Dawn We Slept* is the unparalleled and exhaustive account of the Japanese bombing of Pearl Harbor. It is widely regarded as the definitive assessment of the events surrounding one of the most daring and brilliant naval operations of all time. Through extensive research and interviews with American and Japanese leaders,

Gordon W. Prange has written a remarkable historical account of the assault that-sixty years later-America cannot forget. "The reader is bound to feel its power....It is impossible to forget such an account." —The New York Times Book Review "At Dawn We Slept is the definitive account of Pearl Harbor." —Chicago Sun-Times Explores the causes and effects of the battle and provides first-hand accounts from the people who were there, including Japanese and Americans, military and civilian. "A Thrilling Tale of the Attack That Marked America's Darkest Day" ---W.E.B. Griffin President

Franklin D. Roosevelt's speech on December 8, 1941, lasted a mere six and half minutes. But his words and tone-in a monologue that would later be named the Infamy Speech-sent ripples into a nation and a world that continue even today. The historical implications that emerged from the Japanese attack on Pearl Harbor were unprecedented, launching America not only into the depths of a dangerous war, but forever altering the safety and comfort of everyday living. December 8th became a day of speaking out publicly and declaring war; of action, battle, plotting, and

victories. This date's significance is resonant and profound as an indelible moment in American history. Fresh from their series on the American Civil War, bestselling authors Newt Gingrich and William R. Forstchen now launch a new epic adventure by applying their imaginations and knowledge to the "Date of Infamy"-the attack on Pearl Harbor. Pearl Harbor covers the full spectrum of characters and events from that historic moment, from national leaders and admirals to the views of ordinary citizens caught in the chaos of war. From the chambers of the Emperor of

Japan to the American White House, from the decks of aircraft carriers to the playing fields of the Japanese Naval Academy, this powerful story stretches from the nightmare slaughter of China in the 1930s to the lonely office of Commander James Watson, an American cryptographer, who suspects the impending catastrophic attack. It is a story of intrigue, double-dealing, the horrific brutality of war, and the desperate efforts of men of reason on both sides to prevent a titanic struggle that becomes inevitable. Gingrich and Forstchen's now critically acclaimed

approach, which they term "active history," examines how a change in but one decision might have profoundly altered American history. In Pearl Harbor, they pose the question of how the presence of but one more man within the Japanese attacking force could have transfigured the war. More than a retelling, the book also serves as a potent warning, valid still today as an example of what happens when communications and understanding breaks down, and a nation is ill-prepared for the onslaught that might ensue. A compelling, meticulously researched saga, Pearl Harbor is also

a novel of valor about those who took part in this cataclysmic moment in world history. It inaugurates a dramatic new Pacific War series that begins with the terrifying account of the day that started it all. Summoning Pearl Harbor is a mesmerizing display of linguistic force that redefines remembering. How do words make the past appear? In what way does the historian summon bygone events? What is this kind of remembering, and for whom do we recall the dead, or the past? In this highly original meditation on the past, renowned art historian Alexander Nemerov delves

into what it means to recall a significant event—Pearl Harbor—and how descriptions of images can summon it back to life. Beginning with the photo album of a former Japanese kamikaze pilot, which is reproduced in this volume, Nemerov transports the reader into a different world through his engagement with the photographs and the construction of a narrative around them. Through its lyrical prose, Summoning Pearl Harbor expands what we traditionally associate with ekphrastic writing. The kind of writing that can enliven a

work of art is also the kind of writing that makes the past appear in vivid color and deep feeling. In the end, this timely piece of writing opens onto fundamental questions about how we communicate with each other, and how the past continues to live in our collective consciousness, not merely as facts but as stories that shape us. Here, Nemerov's constant awareness of the power of language to make an experience—seen or remembered—become real reminds us that great ekphrastic writing is at the heart of every effective description. This volume provides comprehensive

information on the bombing of Pearl Harbor in 1941 and the differing perspectives accompanying it. From a Pulitzer Prize-winning historian and bestselling author, a revealing account of the events surrounding the day that the Japanese military launched a sneak attack on U.S. forces stationed in Pearl Harbor. Includes evidence that top U.S. officials knew about the attack but remained silent for political reasons and the conspiracy afterward to hide the facts. Photographs. The New York Times bestselling master of military historical fiction tells the story of Pearl

Harbor as only he can in the first novel of a gripping new series set in World War II's Pacific theater. In 1941, President Franklin D. Roosevelt watches uneasily as the world heads rapidly down a dangerous path. The Japanese have waged an aggressive campaign against China, and they now begin to expand their ambitions to other parts of Asia. As their expansion efforts grow bolder, their enemies know that Japan's ultimate goal is total conquest over the region, especially when the Japanese align themselves with Hitler's Germany and Mussolini's Italy, who wage

their own war of conquest across Europe. Meanwhile, the British stand nearly alone against Hitler, and there is pressure in Washington to transfer America's powerful fleet of warships from Hawaii to the Atlantic to join the fight against German U-boats that are devastating shipping. But despite deep concerns about weakening the Pacific fleet, no one believes that the main base at Pearl Harbor is under any real threat. Told through the eyes of widely diverse characters, this story looks at all sides of the drama and puts the reader squarely in the middle. In Washington,

Secretary of State Cordell Hull must balance his own concerns between President Roosevelt and the Japanese ambassador, Kichisaburo Nomura, who is little more than a puppet of his own government. In Japan, Admiral Isoroku Yamamoto wins skeptical approval for his outrageous plans in the Pacific, yet he understands more than anyone that an attack on Pearl Harbor will start a war that Japan cannot win. In Hawaii, Commander Joseph Rochefort's job as an accomplished intelligence officer is to decode radio signals and detect the location of the Japanese fleet, but when the airwaves

suddenly go silent, no one has any idea why. And from a small Depression-ravaged town, nineteen-year-old Tommy Biggs sees the Navy as his chance to escape and happily accepts his assignment, every sailor's dream: the battleship USS Arizona. With you-are-there immediacy, Shaara opens up the mysteries of just how Japan—a small, deeply militarist nation—could launch one of history's most devastating surprise attacks. In this story of innocence, heroism, sacrifice, and unfathomable blindness, Shaara's gift for storytelling uses these familiar wartime themes to

shine a light on the personal, the painful, the tragic, and the thrilling—and on a crucial part of history we must never forget. A minute-by-minute account of the morning that brought America into World War II, by the New York Times bestselling authors of *At Dawn We Slept*. When dawn broke over Hawaii on December 7, 1941, no one suspected that America was only minutes from war. By nightfall, the naval base at Pearl Harbor was a smoldering ruin, and over 2,000 Americans lay dead. December 7, 1941 gives a detailed and immersive real-time account of that fateful morning. In

or out of uniform, every witness responded differently when the first Japanese bombs began to fall. A chaplain fled his post and spent a week in hiding, while mess hall workers seized a machine gun and began returning fire. Some officers were taken unawares, while others responded valiantly, rallying their men to fight back and in some cases sacrificing their lives. Built around eyewitness accounts, this book provides an unprecedented glimpse of how it felt to be at Pearl Harbor on the day that would live in infamy. A landmark book published to rave reviews a decade ago, Pearl

Harbor Ghosts has now been updated to commemorate the 60th anniversary of the surprise attack that forever changed the course of history. Full of gripping drama and vibrant details, here is the intimate human story of the events surrounding that fateful day of December 7, 1941—the glamorous tropical city that seemed too beautiful to suffer devastation . . . the stunned naval personnel whose lives would permanently be divided into before and after Pearl Harbor . . . the ordinary Honolulu residents who were tragically unprepared to be the first target in the Pacific war . . .

the Japanese pilots who manned the squadron of deadly silver bombers . . . and the island's community of Japanese-Americans whose lives would never be the same again. Blending meticulous historic recreation with lively reporting, Clarke counterpoints the freeze-frame nightmare of the 1941 bombing with the disturbing realities of present-day Honolulu, where hundreds of veterans, both American and Japanese, converge each year to relive every hour of the attack. Wealthy Waikiki landowners and native Hawaiian farmers, admirals and nurses, Navy wives and government

officials—all take their part in Clarke's rich tapestry of memory and insight. In the end, Pearl Harbor emerges as a trauma that spread from Oahu to engulf the nation and the world—an event that continues to reverberate in the lives of all who experienced it. True story of the day America entered World War II. Nothing previously published has offered such a close examination of Japanese strategy . . . an in-depth study of the Japanese planning, preparation and execution of the attack with particular focus on factors not thoroughly considered by other

historians, if at all . . . detailed analyses that lead to a much better understanding of what the Japanese did, why they did it, and especially how the attack was very nearly an abject failure instead of a stunning success." Naval Institute Proceedings "For seven decades, conventional wisdom has extolled the Japanese attack on Pearl Harbor as brilliant in its planning and execution . . . this masterful analysis topples that pillar of Pacific War history . . . with its amazing depth of meticulous research and analysis, this forceful book is essential reading for anyone with a

serious interest in Pearl Harbor." World War II "The first militarily professional description of the Pearl Harbor attack, and for those who are serious about military history and operations, it is a joy to read. . . . a superb military analysis of the attack . . . not only renders all other histories of Pearl Harbor obsolete, it has set the bar high for other histories of the Pacific War." War In History Hawaii, 7th December 1941, shortly before 8 in the morning: Japanese torpedo bombers launch a surprise attack on the US Pacific fleet anchored in Pearl Harbor. The

devastating attack claims the lives of over 2,400 American soldiers, sinks or damages 18 ships and destroys nearly 350 aircraft. The US Congress declares war on Japan the following day. In this vivid and lively book, Takuma Melber breathes new life into the dramatic events that unfolded before, during and after Pearl Harbor by putting the perspective of the Japanese attackers at the centre of his account. This is the dimension commonly missing in most other histories of Pearl Harbor, and it gives Melber the opportunity to provide a fuller, more definitive and authoritative

account of the battle, its background and its consequences. Melber sheds new light on the long negotiations that went on between the Japanese and Americans in 1941, and the confusion and argument among the Japanese political and military elite. He shows how US intelligence and military leaders in Washington failed to interpret correctly the information they had and to draw the necessary conclusions about the Japanese war intentions in advance of the attack. His account of the battle itself is informed by the latest research and benefits from including the

planning and post-raid assessment by the Japanese commanders. His account also covers the second raid in March 1942 by two long-range seaplanes which was intended to destroy the shipyards so that ships damaged in the initial attack could not be repaired. This balanced and thoroughly researched book deepens our understanding of the battle that precipitated America's entry into the war and it will appeal to anyone interested in World War II and military history. A naval historian draws on newly revealed primary documents to shed light on the tragic

errors that led to the devastating attack, Washington's role, and the man who took the fall for the Japanese tactical victory. Michael Gannon begins his authoritative account of the "impossible to forget" attack with the essential background story of Japan's imperialist mission and the United States' uncertain responses--especially two lost chances of delaying the inevitable attack until the military was prepared to defend Pearl Harbor. Gannon disproves two Pearl Harbor legends: first, that there was a conspiracy to withhold intelligence from

the Pacific Commander in order to force a Pacific war, and second, that Admiral Kimmel was informed but failed to act. Instead, Gannon points to two critical factors ignored by others: that information about the attack gleaned from the "Magic" code intercepts was not sent to Admiral Kimmel, and that there was no possibility that Kimmel could have defended Pearl Harbor because the Japanese were militarily far superior to the American forces in December of 1941. Gannon has divided the story into three parts: the background, eyewitness

accounts of the stunning Japanese tactical victory, and the aftermath, which focuses on the Commander, who was blamed for the biggest military disaster in American history. Pearl Harbor Betrayed sheds new light on a crucial and infamous moment in history. Traces events leading up to and resulting from the December 7, 1941, Japanese attack on American battleships at Pearl Harbor, which brought the United States into World War II. "A valuable reexamination" (Booklist, starred review) of the event that changed twentieth-century America—Pearl Harbor—based on years of research

and new information uncovered by a New York Times bestselling author. The America we live in today was born, not on July 4, 1776, but on December 7, 1941, when an armada of 354 Japanese warplanes supported by aircraft carriers, destroyers, and midget submarines suddenly and savagely attacked the United States, killing 2,403 men—and forced America’s entry into World War II. Pearl Harbor: From Infamy to Greatness follows the sailors, soldiers, pilots, diplomats, admirals, generals, emperor, and president as they engineer, fight, and react to this

stunningly dramatic moment in world history. Beginning in 1914, bestselling author Craig Nelson maps the road to war, when Franklin D. Roosevelt, then the Assistant Secretary of the Navy, attended the laying of the keel of the USS Arizona at the Brooklyn Navy Yard. Writing with vivid intimacy, Nelson traces Japan’s leaders as they lurch into ultranationalist fascism, which culminates in their scheme to terrify America with one of the boldest attacks ever waged. Within seconds, the country would never be the same. Backed by a research team’s five years of work, as well as Nelson’s

thorough re-examination of the original evidence assembled by federal investigators, this page-turning and definitive work “weaves archival research, interviews, and personal experiences from both sides into a blow-by-blow narrative of destruction liberally sprinkled with individual heroism, bizarre escapes, and equally bizarre tragedies” (Kirkus Reviews). Nelson delivers all the terror, chaos, violence, tragedy, and heroism of the attack in stunning detail, and offers surprising conclusions about the tragedy’s unforeseen and resonant

consequences that linger even today. Franklin D. Roosevelt famously called December 7, 1941, "a date which will live in infamy." History would prove him correct; the events of that day -- when the Japanese bombed Pearl Harbor -- ended the Great Depression, changed the course of FDR's presidency, and swept America into World War II. In Pearl Harbor, acclaimed historian Steven M. Gillon provides a vivid, minute-by-minute account of Roosevelt's skillful leadership in the wake of the most devastating military assault in American history. FDR proved both decisive and deceptive, inspiring

the nation while keeping the real facts of the attack a secret from congressional leaders and the public. Pearl Harbor explores the anxious and emotional events surrounding the attack on Pearl Harbor, showing how the president and the American public responded in the pivotal twenty-four hours that followed, a period in which America burst from precarious peace into total war. In the early hours of December 7, 1941, the Japanese First Air Fleet launched a massive air-strike against the American Pacific Fleet based at Pearl Harbor in Hawaii. Supported by a group of midget

submarines, the attack gutted the American battleship fleet but, owing to a lack of intelligence, the American aircraft carriers they hoped to destroy were not present. In this new study of the raid, Mark Stille reexamines the political context of the attack and the intelligence operations of both sides, and gives a detailed analysis of all the major events during the battle. Backed with numerous photographs, diagrams, maps, and artwork, this book is a complete study of the Japanese attack that awoke 'the sleeping giant'. The Japanese surprise attack on U.S. forces in Hawaii on

December 7, 1941, came as a tremendous shock to Americans. Accustomed to success and victory in every aspect of life, they found the Pearl Harbor disaster nearly impossible to understand. Thus, almost immediately the search began for a simple explanation why the United States was unprepared and why it should succumb in battle to a foe long considered inferior. Christmas 1941 came little more than two weeks after the attack on Pearl Harbor. The shock—in some cases overseas, elation—was worldwide. While Americans attempted to go about celebrating

as usual, the reality of the just-declared war was on everybody's mind. United States troops on Wake Island were battling a Japanese landing force and, in the Philippines, losing the fight to save Luzon. In Japan, the Pearl Harbor strike force returned to Hiroshima Bay and toasted its sweeping success. Across the Atlantic, much of Europe was frozen in grim Nazi occupation. Just three days before Christmas, Churchill surprised Roosevelt with an unprecedented trip to Washington, where they jointly lit the White House Christmas tree. As the two Allied leaders met to map out a winning wartime strategy,

the most remarkable Christmas of the century played out across the globe. Pearl Harbor Christmas is a deeply moving and inspiring story about what it was like to live through a holiday season few would ever forget. "A valuable reexamination" (Booklist, starred review) of the event that changed twentieth-century America—Pearl Harbor—based on years of research and new information uncovered by a New York Times bestselling author. The America we live in today was born, not on July 4, 1776, but on December 7, 1941, when an armada of 354 Japanese

warplanes supported by aircraft carriers, destroyers, and midget submarines suddenly and savagely attacked the United States, killing 2,403 men—and forced America’s entry into World War II. Pearl Harbor: From Infamy to Greatness follows the sailors, soldiers, pilots, diplomats, admirals, generals, emperor, and president as they engineer, fight, and react to this stunningly dramatic moment in world history. Beginning in 1914, bestselling author Craig Nelson maps the road to war, when Franklin D. Roosevelt, then the Assistant Secretary of the Navy, attended the laying

of the keel of the USS Arizona at the Brooklyn Navy Yard. Writing with vivid intimacy, Nelson traces Japan’s leaders as they lurch into ultranationalist fascism, which culminates in their scheme to terrify America with one of the boldest attacks ever waged. Within seconds, the country would never be the same. Backed by a research team’s five years of work, as well as Nelson’s thorough re-examination of the original evidence assembled by federal investigators, this page-turning and definitive work “weaves archival research, interviews, and personal

experiences from both sides into a blow-by-blow narrative of destruction liberally sprinkled with individual heroism, bizarre escapes, and equally bizarre tragedies” (Kirkus Reviews). Nelson delivers all the terror, chaos, violence, tragedy, and heroism of the attack in stunning detail, and offers surprising conclusions about the tragedy’s unforeseen and resonant consequences that linger even today. First published in 1947, Pearl Harbor: The Story of the Secret War is widely regarded as the first Revisionist book about the attack on Pearl Harbor on December 7, 1941,

and the complex history which preceded and followed it. Although it drew both criticism and praise on its initial release, this book covers many aspects of that war, its antecedents and its consequences, and ranks among the best of the numerous volumes published on the subject. "Those who object to historical skepticism may complain that my book is no contribution to the political canonization of its central figure. That is no concern of mine. As to the purpose my book is intended to serve, some observations from the minority report of the Joint Congressional Committee which

investigated the Pearl Harbor attack are pertinent: 'In the future the people and their Congress must know how close American diplomacy is moving to war so that they may check in advance if imprudent and support its position if sound ... How to avoid war and how to turn war -- if it finally comes -- to serve the cause of human progress is the challenge to diplomacy today as yesterday.'"—George Morgenstern December 7, 1941 was one of the single most decisive days of World War II the day that brought the USA into the fight. Six Japanese aircraft carriers disgorged their full

complements in two waves on the superior US Pacific Fleet as it lay slumbering in Pearl Harbor. Depending on opposing viewpoints, the attack was either a brilliant maneuver of audacious strategy, or a piece of unparalleled villainy and deception by a supposedly friendly power. This revised edition, containing the latest research on the events of December 7, 1941, reveals several previously unknown aspects of the attack and dispels key myths that have been built up around the fateful day a day, Franklin Delano Roosevelt declared, that would "live in infamy". This account of the Pearl

Harbor attack denies that the lack of preparation resulted from military negligence or a political plot At 7:53 a.m., December 7, 1941, America's national consciousness and confidence were rocked as the first wave of Japanese warplanes took aim at the U.S. Naval fleet stationed at Pearl Harbor. As intense and absorbing as a suspense novel, *At Dawn We Slept* is the unparalleled and exhaustive account of the Japanese bombing of Pearl Harbor. It is widely regarded as the definitive assessment of the events surrounding one of the most daring and brilliant naval operations of all time. Through

extensive research and interviews with American and Japanese leaders, Gordon W. Prange has written a remarkable historical account of the assault that sixty years later America cannot forget. From the creators of "The Discovery of the Titanic" comes an illustrated history of the bombing of Pearl Harbor, published to release with the blockbuster movie. No other battle of the Pacific War was better documented, and this visual record of that day includes not just stunning black-and-white shots but also vivid color photos. A compelling narrative by noted naval historian Van der Mat explains

the causes and background of the attack. A terrifying attack! On December 7, 1941, Japanese war planes appeared out of nowhere to bomb the American base at Pearl Harbor in Hawaii. It was a highly secretive and devastating attack: four battleships sunk, more than two thousand servicemen died, and the United States was propelled into World War II. In a compelling, easy-to-read narrative, children will learn all about a pivotal moment in American history. How the entire Asia Pacific region was transformed when Imperial Japan attacked eight major targets on

the same day in 1941; Pearl Harbor was only one of them.
