Arguably, the greatest achievement of Swami Vivekananda, one of the most celebrated icons of modern India, was the reconstruction of Hinduism. This he accomplished by reforming the religion in India and changing its image in the West. Indeed, the Hinduism that Vivekananda expounded at the Parliament of World's Religions in Chicago was a new, progressive version of an ancient tradition, devoid of the superstitions and distortions with which it had come to be associated. He revolutionized Hindu faith traditions by turning them into a repository of rational, universal philosophy. This book tries to get to the heart of Swami Vivekananda's legacy and his relevance in the contemporary world. It examines hitherto lesser-known aspects of Swamiji's life and work including his contributions to practical Vedanta, universal religion, science-spirituality and inter-religious dialogue, dharmic secularism, educational philosophy, poetry, and, above all, to the problem of Indian modernity. Despite the abundance of literature available on him, Swami Vivekananda is still not understood adequately, remaining somewhat of an enigma. A fresh reading of the life and times of the Swami by someone who has studied him closely, Makarand R. Paranjape's detailed, thought-provoking account shows that in Vivekananda's visionary thoughts lay the seeds of the creation of a modern India. This book reclaims Swami Vivekananda's stature as a pioneer of contemporary Hindu thought and nationalism. Swami Vivekananda philosophy was a blend of the traditional values and modern thoughts; as well as human values and superhuman thoughts. Although he lived only for thirty-nine years; he influenced the thinking of multitudes around the world. His charismatic personality and intellectual speeches made an impact that altered people's concept of Hinduism and India globally. Even today; his teachings are capable of transforming all who are keen to imbibe them.Vivekananda was born when Calcutta was India's capital under the British Raj. It was a time when the British Raj sought to change the governing system of India after the Mutiny of 1857. Swami Vivekananda preferred a modern approach to deal with the existing social problems and favoured Western ideas. This book tries to cover the life and philosophy of Swami Vivekananda comprehensively and give an insight about his personality. Published by Advaita Ashrama, a publication house of Ramakrishna Math, Belur Math, India. An intimate portrait of the little-known aspects of Swami Vivekananda's life. Wandering mystic, India's spiritual ambassador to the West and founder of the Ramakrishna Mission, Swami Vivekananda awakened India's masses to the country's spiritual richness while stressing the importance of scientific inquiry. These aspects of Swamiji's life have been well chronicled by Swamiji himself, through his letters, speeches and writings; his own brothers who between them have written more than a hundred books; his co-disciples, disciples and others whose lives were enriched by their interactions with him; and, more than a century after his death, followers who had only read or heard of the magnetic personality of this revered teacher. Gleaned from all these sources, through painstaking research Sankar's biography focuses on the personal life of the saint: What was Vivekananda like as a man? What role did his mother play in his life, both before and after he renounced all family ties? Could he reconcile the duties of a monk with the duties of an eldest son? What prompted him to promote Vedanta and biriyani in the West? Did the long drawn battles over family property affect his health and cut short his life? Did his sister commit suicide? Why did his brother not write a single letter for six years when he was wandering around the world? What was Swamiji's favourite dish and what fruit did he like the least? What was his height? Where did he have his second heart attack? How much did the Calcutta doctor charge him at his chamber? Sankar's composite picture of the monk as man has sold over one lakh copies in Bengali and this translation brings the unfamiliar Vivekananda to a larger readership. Swami Vivekananda was one of the great religious minds of the 19th century. His appearance in the Congress of World Religion in America was a momentous event in the history of religion, where he changed the western view of Vedanta Hindu philosophy. What is the substance of Vivekananda s interpretation of Vedanta? And how relevant is it to 20th century man? In this revised volume, Gautam Sen pieces together the representative portions of the Swami s philosophy and ties them up with a running commentary of his own. Published by Advaita Ashrama, a publication house of Ramakrishna Math, Belur Math, this is Volume 1 of the nine volume series constituting 'The Complete Works of Swami Vivekananda'. In these volumes we have not only a gospel to the world at large, but also, to its own children, the Charter of the Hindu faith. For the first time in history, Hinduism itself forms here the subject of generalization of a Hindu mind of the highest order. What Hinduism had needed was the organizing and consolidating of its own idea, a rock where she could lie at anchor, and an authoritative utterance in which she might recognise herself. What the world had needed was a faith that had no fear of truth. Both are found in the words and writings of Swami Vivekananda. It is the latest gospel of a modern Prophet of religion and spirituality to the mankind. Swami Vivekananda's views on the Bhagavad Gita are scattered throughout 'The Complete Works of Swami Vivekananda' published in nine volumes. The present book, published by Advaita Ashrama, a publication branch of Ramakrishna Math, Belur Math, is an extensive compilation of these insightful views of Swami Vivekananda on this sacred scripture of the Hindus. The reader is, as it were, taken through several verses of the Gita along with the Swami's elevating and soul-stirring commentary. Note: This book has embedded fonts to display the verses in Devanagari. You may have to use the 'Original' Font option in Google Play Books app. "... The book is certainly not a commentary on the Gita, in the traditional sense. But, what is available is indeed a treasure house of wisdom. Swamiji was a living embodiment of the Gita. According to him, the Gita was 'practical Vedanta'. He demonstrated this through his life. Reading through the book is indeed a rewarding experience. One is in holy company, imbibing the words of one who is speaking from his heart. ... Just as Swamiji himself used to carry a copy of the Gita with him always, one cannot do better than carry a copy of this book with one always..." - from a Review in the Vedanta Kesari, November 2010, p.441 published by Sri Ramakrishna Math, Chennai. As of February 2017, the print book has undergone seven reprints and more than 27,000 copies have been sold. This book, authored by Swami Tathagatananda, a senior monk of the Ramakrishna Order and the resident minister and spiritual leader of The Vedanta Society of New York, USA, highlights the problems, criticisms and hardships faced by Swami Vivekananda during his lifetime, and how he eventually trumped over these adversities with strength and courage and fulfilled his mission. These glimpses of Swami Vivekananda's heroic struggle will help readers find strength and courage when dealing with adverse situations in life. The life and message of Swami Vivekananda are a source of great inspiration to many in their individual as well as collective life. The present short biography published by Advaita Ashrama, a Publication House of Ramakrishna Math, Belur Math, is intended to meet the needs of those who have neither the time nor the opportunity to read bigger works about the Swami. A versatile genius as the great Swami was, and many-sided as were his activities, it is idle to hope that a complete picture of his wonderful life could be given in such a small compass. Here an attempt is made to give only a glimpse of this great personality so that people may become interested to know more about him. Published by Advaita Ashrama, a publication house of Ramakrishna Math, Belur Math, this is Volume 9 of the nine volume series constituting 'The Complete Works of Swami Vivekananda'. This book tries to cover the life and philosophy of Swami Vivekananda comprehensively and give an insight about his personality. Religion is not in books, not in forms, not in sects, not in nation; religion is in the human heart...It is love alone that can conquer hatred...'- Swami Vivekananda A genius, a visionary, a writer, a dreamer, a teacher and an inspiration for generations of Indians--this was Swami Vivekananda. Born into a family of lawyers, Narendranath Dutta was an exceptionally intelligent child, a natural leader among his playmates, who impressed his teachers with his scholarship. The spirituality of his mentor Shri Ramakrishna and his own study of philosophy and logic influenced Narendranath to join the monastic order. Vivekananda was the spokesperson for India at the Parliament of Religions in Chicago where the magic of his words held his audience in thrall. He also instilled among the Indian youth self-confidence and the hope of regeneration. Devika Rangachari's account of the life and times of Swami Vivekananda is both inspiring and absorbing. It is the remarkable story of a spiritual leader who worked against overwhelming odds to realize his vision of a free India. "If you want to know how deep the quotes of Swami Vivekananda are, then definitely read this book." "This book showed that the words of Swami Vivekananda are still applicable today." "True success and goals and career, both are best chapters, quotes of Vivekanand are really deep." - READER'S REVIEW The author was researching on Swami Vivekanand for 2 years, before writing this book, the Author gone through hundreds of quotes and lectures. This book will cover every basic aspect of the life of a person. We will see every aspect with his perspectives like goals and career, finance, health, relation, true success, and God, with the help of his deep quotes and lectures. This compilation by Advaita Ashrama, a publication centre of Ramakrishna Math, is a documentation of selected notes and utterances of Swami Vivekananda about himself and his work. These are arranged chronologically so as to form what may be called a near autobiography of the saint. With historical-critical analysis and dialogical even-handedness, the essays of this book re-assess the life and legacy of Swami Vivekananda, forged at a time of colonial suppression, from the vantage point of socially-engaged religion at a time of global dislocations and international inequities. Due to the complexity of Vivekananda as a historical figure on the cusp of late modernity with its vast transformations, few works offer a contemporary, multi-vocal, nuanced, academic examination of his liberative vision and legacy in the way that this volume does. It brings together North American, European, British, and Indian scholars associated with a broad array of humanistic disciplines towards critical-constructive, contextually-sensitive reflections on one of the most important thinkers and theologians of the modern era. This book published by Advaita Ashrama, publication house of Ramakrishna Math, Belur Math, is specially written for young boys and girls. Written in simple English, it tries to introduce Swami Vivekananda to young readers in the hope that they will want to know more about this great man and get acquainted with his ideas and draw inspiration from them. This book may also serve as an excellent rapid reader for school students. In India, a large number of people are drawn to Swamiji because of his great love for his country. He is called a 'patriot saint'. To them he was more an awakener of India than an awakener of souls. But many devotees and followers of Swamiji the world over are drawn to him because of his spiritual message of strength, hope, and courage which opens up new vistas to them. This book satisfies the needs of both the patriots and the devotees. These great orations of the Swami should form a subject of serious study for all Indians to recapture the spiritual values that we are fast forgetting on account of the rising tide of materialism. He lived and breathed this philosophy while preaching it to India and the west. While Vivekananda's landmark address at the Parliament of Religions in Chicago in 1893 established him as modern India's great spiritual leader, his popularity and appeal is attributed to his ability to integrate his human side with his profound spiritual side. In this beautifully written biography, Chaturvedi Badrinath liberates Vivekananda from the confines of the worship room and offers an unforgettable insight into the life of a man who was the very embodiment of the Vedanta that he preached. The published writing and speeches of Swami Vivekananda cover more than four thousand pages. Many do not have an access to all his writings and many others have not the time or patience to go through them all. Though it is a difficult task to produce a representative selection out of the Swami's varied writings and speeches, this volume is placed before the public with the hope that this will inspire the readers to study Swamiji more thoroughly. A collection of his books, letters, and poetry in 8 volumes. Regular edition sells for \$79.60. Does not include Volume 9. Text from all nine volumes of Complete Works of Swami Vivekananda as well some unpublished material is available here. All proceeds are donated to Advaita Ashrama, India From where does life come? Does an external God quicken creation into existence or is there a life potential abiding within creation itself? Traditionally, theologians tell us that an external God is the source of all this vitality. In some mysterious way, God creates the universe out of nothing. The scientific response to these unscientific ideas is "evolution." Nature has a potential existing within itself that's causing higher and higher life forms to manifest. The Vedic position interjects a spiritual dimension into it, adding that a primary "involution" always has to precede an evolution. As Swami Vivekananda puts it: The seed is the father of the tree, but another tree was itself the father of the seed. This larger model says that the seed in the material world is spiritual potential. The whole evolutionary process isn't driven by the material world of external stimuli and everyday experiences, but by the presence of an infinite, undivided and unchanging Reality that resides within and behind the surface of everything. This is what is gradually expressing and ultimately manifesting as our Christs, Buddhas, sages and saints.
